The NEWTON WONDER is delivered within the Parish at a charge of only £5 per year. Please contact Gerry Radford on

01392 851 504 or

e-mail [paul.radford3@btinternet.com](mailto:paul.radford3@btinternet.com)

If you move away it can be posted for an additional £5 pa.

## July in the Village

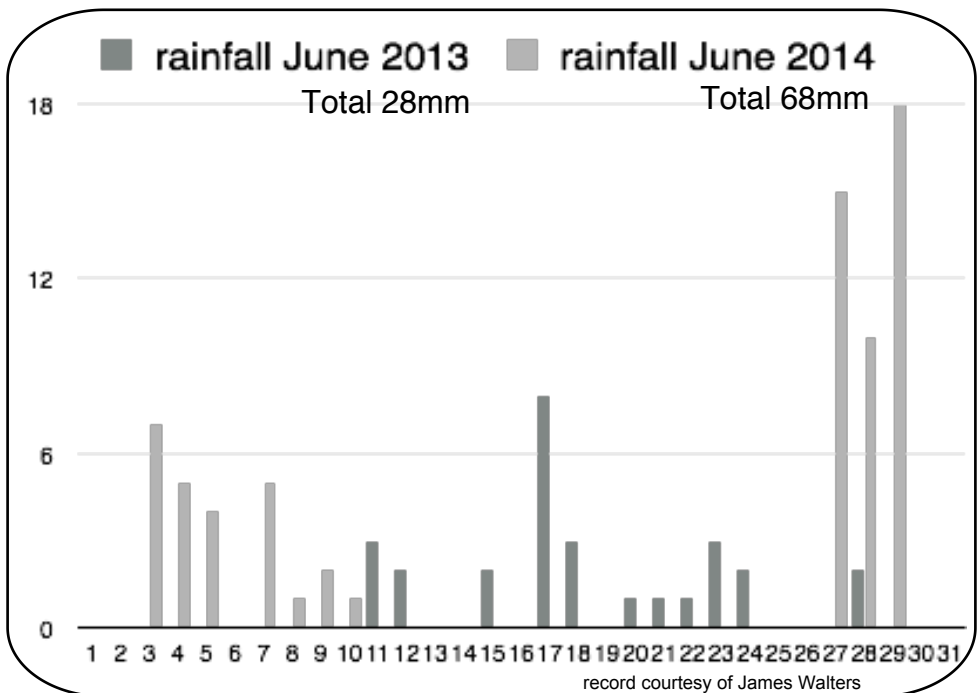

July was an exciting month for the village. The Revels were a great success raising more funds than ever, enabling village groups to advertise themselves, raise money and have fun at the same time. There are lots of reports and pictures in this issue of the Newton Wonder.

At the end of June the Parish Council and the architects for the development displayed its plans for the new school and village housing in the village. The consultation process has only just begun. Surprisingly there have, as yet been no comments made to the Newton Wonder. We will be happy to publish your comments and letters.

After almost two years as editor I feel that it would be beneficial if more people, with more, and new, ideas, could be involved in the editorial process. If there is anybody (or bodies) looking to take part in a very enjoyable and, I hope, worthwhile activity, please get in contact.

## The weather

The weather in June saw considerably more rain than in June 2013. However it rained on 11 days, only one more than 2013 when it rained on 10. Yet we had considerably more than twice the rain. It was overall sunnier than last year and we will probably learn that it was warmer too.

noon – 9pm Fri – Sun

Take Away Food Available upon request.

# RECREATION GROUND CLUB

Half way through July and everything going well, thanks in no part to the weather. Football training now well underway with confirmation that the league will start on 23rd August, that's two weeks earlier than I first remember where the first weekend in September was recognised to be the start of the Amateur football season.

The Kingfisher Project went well and the Crediton Courier gave this a wonderful write up in their edition of July 11th

The world cup football saw some cricket games postponed I expect them to be rebooked in the next few days.

For a first effort, the Beer Festival was well received and most of the visitors enjoyed their beer in the sunshine outside the club house and said they would come again if we have another one – so good news. The Revel had a wonderfully sunny afternoon and lots of people. I was impressed when the Sporting Challenge was won by senior representatives from the football club. (Where were the players) I expect I will soon get enquires about a date for 2016.

The school Sports afternoon was well attended lots of mums, dads and grandparents and again a fine warm sunny afternoon helped it go well.

The Youth Football Tournament was very busy. The most teams ever entered and very few who failed to attend, over the two days and surprise, surprise the weather was fine and dry both days, Sunday was sunny and really warm, so many small people all in one place and enjoying themselves. I'm sure the Football Club will be putting in a full report later in the edition.

August is a month of Cricket getting in their games before the long evenings fade away, the Football teams are preparing for a new season with training and preseason friendlies. I become Mrs who says NO!! but only two pitches does sometimes mean not every one can have what they want.

The Club House doesn't get busy until September when the Darts 3 teams Skittles 4 teams and the pool 1 team get started on their winter league fixtures.

We do still have spaces in the evenings so if you need a venue please ring me and we can sort out a day to suit us both.

Our next meeting is 7.30 Sunday 3rd August please send or bring any help or advice to the meeting.

Wendy Lewis.

# Community Support Group

## July meeting

A small but select group of members met on Saturday 12<sup>th</sup> July for coffee in the Crown & Sceptre before setting off on a walk through the Arboretum. If you haven't visited the Arboretum yet, then we would certainly recommend you take the footpath through the Churchyard and through the little gate into a whole new world. Pick up a leaflet from the dispenser as you walk into the shady woods and follow the map along the information trail.

All the paths are clearly marked and the trail takes you past so many really interesting trees and shrubs that at times you do not know which way to turn – you do not want to miss any of them. Most of them now are clearly marked or numbered so the trail is easy to follow. It is a very peaceful place and you can sit on one of the seats and just enjoy the surroundings and the colours and shapes.

Back to earth we came again after our wander through the oasis of calm which is so close and accessible to everyone.

The Community Support Group now have the new defibrillator and we were given a quick guide to its functions and maintenance. We hope to have it sited in a secure location near to the Crown & Sceptre very soon. Details of its location etc. will appear in the Newton Wonder in due course.

Our next big event is the Garden Party in the grounds of the Crown & Sceptre on Saturday 9<sup>th</sup> August. More details appear elsewhere in this edition but please put the date in your diary and come along for a fun-filled afternoon. There will be music and activities for the children and stalls and entertainment.

The local Young Farmers' Club have challenged the resident of Newton St Cyres to a Rounders match on the evening of Tuesday 12<sup>th</sup> August. The venue is yet to be decided but if you are interested, please put your name on the list in the Crown & Sceptre. It should be a fun evening!

# Newton St Cyres FC – June Update

The busiest weekend of the year is now behind us and we were again fortunate with the weather! In all some 133 teams visited the Rec on the 12<sup>th</sup> and 13<sup>th</sup> July for our annual youth football tournament – the most we have ever had. It went well with very few hiccups over the weekend and it is sure to be a record breaker for us and one we will find hard to top next year!

Age groups from Under 7s through to Under 14s attended with the 7s and 8s competing in a friendly tournament where they were all presented with medals. This is a highlight as all the children come up to collect their medals with beaming grins. The 9s to 14s competed in World Cup formats with winners and runners up from the group stages progressing to the knock-out. Teams from across the County attended and for the most part, went home happy!

With the new season fast approaching, the pre-season schedule of games is now coming together. The Seniors have some games booked in for July and August with the season set to kick off on 13<sup>th</sup> August. Our new ladies team have two fixtures in August and start their season on Sunday 14<sup>th</sup> September.

Training for the Seniors has already commenced and is on Wednesday nights from 6.30pm. Ladies training will start on Monday 4<sup>th</sup> August from 7pm. All welcome to attend.

## Youth Open Day

We are holding a Youth Section (Under 7s, 8s, 9s and 13s) Open Day on Saturday 2<sup>nd</sup> August at the Rec. We are hoping to bolster our squads this year and we hope this

event will help. It starts at 10am and will run until 12pm and new and old players are encouraged to attend. More information is available on our website.

We also have another reason to celebrate! At the recent Revels Sporting Challenge a group of dads got together and entered a team. And to their surprise, won! The team, made up of Shaun Wallis, Steve James, Adam Cocking, Graham Stone, Mike Grigg & Nigel Clarke brought home a trophy by a margin of 19 points. Steve James also took joint winner in the individual contest. Well done dads!

#### Friendly Dates

First Team: 6<sup>th</sup> Thorverton (A) 7pm

Reserves: 2<sup>nd</sup> Alphington (H) 2pm, Bow Res (H) 1pm

Ladies: 17<sup>th</sup> Okehampton (H) 2pm, Tedburn (H) 2pm

## COMMUNITY MARKET

**The next Mini Market will be on Saturday August 23rd. 2014 from 10:30 am till 12 noon.**

Don't forget to come and meet friends over coffee, tea, soft drinks and bacon butties. All the usual stalls:- meat, vegetables, cakes, pasties, plants, hand crafted cards, bric a brac, jewellery and toys (in aid of Cancer Research). There will be a stall from the village school and the Parish Council "surgery".

# Newton St Cyres Tennis Club

There has been lots of activity at the club this month, with one of the highlights being an exciting Annual Junior Tournament. All the juniors who took part played

magnificently and produced some incredibly competitive matches. Elliott Butterfield claimed the Boys 8 & Under title, beating Euan Philip in an exciting head-to-head, which took place during a Wednesday coaching session. The remainder of the finals were played on a very hot and sunny Saturday in June. Joe Knox narrowly beat Joe Douglas to the Boys 10 & Under title in what was a hard-fought match played in excellent spirit; Jack Gordon won all his matches to claim the Boys 12 & Under trophy.

Michael Lambourne, Tobias Whittaker, Matthew Hill and Cameron Fahy all played extremely well and made it a great tournament. And Tom Baber was the winner of the 16 & Under Open, with Reuben Taylor, Alice Dowle and Martyn Hill all playing exceptionally well and producing great tennis.

The great sportsmanship demonstrated throughout the tournament was a credit to the juniors and to the club. Thank you to our coach Toby Harradence for running the tournament, and to Sharon Hawkins for helping with the umpiring.

It was a beautiful summer evening for our Ladies Singles qualifying event, and a scorcher of a day for the Open Singles qualifier. All the Doubles qualifiers have also now taken place, and the finals for all these are on 27<sup>th</sup> July from midday onwards. It will be a great afternoon of tennis, with refreshments on offer, so do come along to the Recreation Ground to watch.

Our

league

are

matches progressing steadily, with good weather meaning very few postponements. We also had twelve pairs of tickets allocated to members through the Wimbledon club ballot, and the lucky winners all enjoyed some great play on a variety of courts.

We always welcome new members, so do check out our website [www.newtonstcyrestennislub.co.uk](http://www.newtonstcyrestennislub.co.uk). It has news of all our club sessions, upcoming tournaments, and contact details for our membership secretary Laura Leigh.

# Newton Nappies.

Where has the last month gone? Oh well, time flies when you're having fun, or so the saying goes!

Before we go any further we'd like to take the chance to thank all those who were at Meat Bingo on 23rd of June for their kind support, the money this evening raised will allow us to buy a robust sandpit for the group and some other odds and ends that are on our wish list; this will be much appreciated by the children. It is quite exciting when you suddenly get a donation that gives you more spending money (money that covers things other than hall hire, snacks and insurance) than we as a group can raise in several years.

This last month Newton Nappies had an adventure up the hill visiting their older sibling Newton Nippers. A great morning was had by all with the children playing nicely together. While many of the older Newton Nappies children also attend the pre-school it was nice to allow the younger ones a taste of things to come and jointly do activities for the stand at Newton Revels. While talking of Revels, thank you to all those who had a go at naming the bear and came and had a bounce on the little castle in the corner and raised some money for both organisations in the process. It is lovely feeling supported by the community.

By the time this edition of the Newton Wonder goes to print we will have broken up for the summer, however that doesn't mean we aren't meeting over the break. Our plan is that we will do something together every other week through the summer to enable us to get out and about with our little ones. Details of where we will be when will be on our facebook page or sent out by email to those who have signed up to be kept in touch.

If anyone is free on Saturday 2nd August, the Crediton Area Children's Centre is having a family fun day at Newcombes Park. We have a stand there promoting the group and would love it if people were able to drop in and say "Hi", it is always lovely to see a friendly face!

Newton Nappies starts meeting again in the village hall on 10th September, so if you've not been to visit before, and have a child of pre-school age to bring along, feel free to come and give us a try, everyone is more than welcome!

## **Newton St Cyres Art Group is looking for new members!**

This well-established art group meets on the last Wednesday of the month at 7.30pm in the Parish Hall. We have a varied programme of demonstrations and workshops by professional artists, as well as painting days outside in summer and inside in winter. We also hold several exhibitions during the year. Membership is £18 for the year, and we welcome new members, so if tempted, call 01363 866439 for more information and come along to our next meeting!

# NEWTON RAMBLERS

**.Sunday 17<sup>th</sup> August**

The walk this month will be led by Nigel Chambers and will centre around Brampford Speke, Upton Pyne and Langford.

We shall meet at 10 am on Sunday 17<sup>th</sup> August by the bus shelter on the right hand side just as you enter Brampford Speke, some 200 yards before the church.

The walk will go west to Bidwell Lane and Langford and thence down to New Bridge, heading back through Lake's Down Wood to Upton Pyne and then back on the footpath to Brampford Speke. The walk is some 5 miles in all and relatively flat.

**All are welcome to join us.** Any queries to Rosemary Chambers on 01392 851400

Please note that anyone joining these walks obviously does so at their own risk.

**Harris Timber Products Ltd**

Harris Timber Products is a family run Devonshire based business, providing a totally bespoke design and build service for your garden room or garden office.

We also make cedar greenhouses, oak frames, garages, stables, sheds and all other garden buildings.

# Parish Council report ..July 2014

Six members of the public joined eight Councillors for the meeting in July together with Cllr Peter Hare-Scott (MDDC) and Cllr Margaret Squires (DCC).

The Police report had been received and showed the following: Calls in April - 2 x dangerous driving (A377), 1 x possible drink driver, 1 x domestic, 4 x dog in road (A377). Crimes reported for April - 1 x criminal damage, 1 theft of property. Calls in May - 1 x concern for welfare, 1 x dog in road (A377), 1 x alarm related, 1 x burglary (Half Moon), 1 x found safe, 3 x suspicious males in village, 1 x dangerous driving (A377), 1 x vehicles parked in bus stop, 1 x vehicle parked on footpath (Half Moon), 1 x ASB neighbourly related, 1 x obstruction in road (Half Moon). Crimes reported for May - 1 x burglary (Half Moon), 1 x burglary (Quickes). Calls in June - 1 x drink driver (NSC), 1 x male seen poaching, 1 x road related.

During the public session concern was raised over the cars etc. blocking the entrance to Godolphin Close as recently both a fire engine and the refuse lorry had been unable to get into the Close. Later in the meeting the Council agreed to liaise with the residents of the Close to see if the hedge at the entrance could be cut back sufficiently to expose the grass verge and make entry for emergency vehicles easier.

Concern was also expressed about the hedges at Half Moon getting too high and the speed of buses travelling through Half Moon. It was also agreed to ask Stagecoach to move the bus stop sign nearer to the new bus shelter.

**Primary School - consultation.** It was reported that many residents had attended the consultation events to look at the proposed plans and make comments. These comments will be going to the architects in order that they can be taken into account for the outline planning application. A follow-up meeting will be held in September when the results of the planning application and a clearer timetable should be available.

**Community-led Plan.** The Council agreed to hold an initial meeting to find interested people to form a group to initiate a new community-led Plan for Newton St Cyres. An invitation to a meeting in September will be sent to the major groups and organisations in the village and it is hoped that a representative group will result from this initial meeting.

**Allotments.** The allotment field had been tidied up by Simon Dowle on behalf of Quickes and it was agreed that Cllr Walters and Cllr Anstey would report when the area needed to be mown again.

**Flooding meeting.** A lively meeting had been held with victims of the winter's flooding, landowners and representatives from the Environment Agency, DCC and MDDC. As a result MDDC had undertaken to produce a survey of trouble areas after walking the area with the landowners and the affected residents and an early warning system for flash flooding events would be installed. It was generally felt that this had been a positive meeting and actions had been identified for implementation.

As there is very little business and many of the Cllrs will be on annual leave, there is no meeting scheduled for August. A quick meeting will only be held if a planning application arrives that needs urgent attention.

**The next Parish Council meeting is therefore scheduled for Monday 1<sup>st</sup> September 2014 at 7.30 pm in the Clubroom of the Parish Hall.**

Please come along with your questions and queries or just to listen to the business of the day.

The next parish Surgery will be held in conjunction with the Mini Market in the Parish Hall on Saturday 23<sup>rd</sup> August (10.30 - 12 noon). Again please come along and meet your Councillors and raise any queries you may have.

Cllr Jill Baker, Press Officer

### **Newton St Cyres ----Parish Notice Boards**

**The Parish Council are increasingly concerned about the state of the notice boards in the village as some of them are being damaged by careless posting of notices etc.**

**Please can we ask that drawing pins are used to fasten notices to the boards and NOT staples, sellotape or glue etc.**

**Please too just put up laminated notices and not those in plastic sleeves as the sleeves pull the paint off the boards and leave white marks.**

**The Parish Council pay for the upkeep of these boards and the money comes out of the precept so in the end we are all paying for the mess left by a few.**

### **Town and Parish (TAP) funding**

**There will be TAP funding available again this year for small projects in the Parish.**

**The criteria includes obtaining support from another Parish for any application and details can be obtained from the Parish Clerk**

**[nsc\\_pc@outlook.com](mailto:nsc_pc@outlook.com)**

**Applications need to be through the Parish Clerk (details above) and in by the 30<sup>th</sup> September**

# Do You Remember.....August?

## August 1974

The Church reported that their recent barbecue had been a success and they had made a profit of about £60.

The Parish Council had good news about the bus shelters - two will go up by the School. Lilly Lane has also been re-surfaced. It was reported that planning permission would be required if notice boards were put up on the Post Office wall so, if the Church Council agree to pay half, they would put one on the bus shelter.

There was good attendance at the Flower Show in July but less exhibits due to tricky weather. Cups were won by Mr R White, Mrs O Cheriton, Mr P Cole and Mr J Barnard. They had made a financial loss on the day as expenditure was £300 and income was £160.

The Parish Hall discussed the skittles played there and agreed they could play from 8.00 pm on Sundays and Discos would be limited to 3 per year even though the organiser hands over all the profits and pays for any damage.

There was a major fire at Higher Marsh and the flat owners lost almost all of their effects.

Jim Barnett, Chairman of the Recreation Ground Committee was leaving the village and was thanked by Mike Hill, the Secretary

## August 1984

It was announced that Harold Dyer had retired as Organist at the Church after 31 years.

Concern had been raised about Quicke's irrigating their fields during the drought but the water was being taken from the Creedy and would only have gone into the sea. The Summer Show and Gymkhana had raised over £1,000 for the School Swimming Pool fund.

A report appeared about the Rec. AGM when John Harris was elected Chairman, Peter Watts - Vice Chairman, Pete Douglas - Treasurer and Eve Bowd - Secretary.

## August 1994

A Gardening article was all about climbing plants.

The School were looking for a permanent Mealtime Assistant for 1.25 hours daily.

The Afternoon Club had a visit to Burnham on Sea.

The Parish Council had had a bottle bank installed in the Crown & Sceptre car park. They reported ongoing problems with dog fouling and the Dog Warden had been seen in the Parish.

There was still a vacancy for a Parish Clerk.

The Recreation Ground Summer Show was another successful event

## August 2004

An interesting article appeared by John Durrant on village events such as the Village Carnival, Sheep Dog Trials, Maypole Dancing on the Green and many more.

Over 80 teams entered the Five-a-side Competition held at the Rec.

The Football Club were looking to start a Youth Team.

The Young Farmers had an American Young Farmer staying with them on an exchange programme.

The Cricket Club had some excellent results as John Quicke scored 84 runs

## POLICY FOR ERECTION OF TEMPORARY ADVERTISING SIGNS ON THE VILLAGE GREEN

No advertising signs can be erected on the Village Green without prior approval

Only signs advertising Village activities are permitted

Permission must be sought in advance from the Parish Clerk

If the Parish Clerk feels that the request may be contentious, then approval of the Parish Council must be sought

Signs should be no larger than 1.25 metres x 0.625 metre

Signs should be either free standing or secured to the ground by metal posts no more than 1cm in width

If there is more than one sign per event then a maximum of two signs are permitted in a V formation at any one time.

Signs must not be in situ for longer than 14 days prior to the event

Signs must be removed within 2 days of the event and the ground reinstated if damaged

A maximum of 3 events to be advertised at any one time

Signs must not be positioned where they cause obstruction to drivers' visibility

# Dates from the Parish Diary

## August

- 1 7.30pm - Church Concert in Newton St Cyres Church
- 5 7pm - Curry & Quiz Night at the Crown & Sceptre (a Rollover Jackpot of over £100.00 to be won)
- 9 2.30pm - Community Support Group Garden Party at the Crown & Sceptre, celebrating success. BBQ, Cream Teas, various stalls, displays and activities. All are welcome!!
- 16 7pm - Beach Party (weather dependant), come and enjoy the sun and summer at the Crown & Sceptre
- 17 3.30pm - Cream Teas at the Parish Hall
- 23 10.30am - Mini Market at the Parish Hall  
TTBC - Gardening Club visit to Otter Nurseries
- 30 7pm - Speciality Menu - Pudding Night (Sweet & Savoury Puddings) at the Crown & Sceptre

## September

- 2 7pm - Curry & Quiz Night at the Crown & Sceptre

## NEWTON ST CYRES GARDEN CLUB.

Saturday 23 August 2014

### Behind The Scenes at Otter Nurseries.

A trip to Otter Nurseries for a guided walk around their plant growing areas hosted by John Watts who works there as a plant propagator.

This will be followed by a cream tea in the restaurant.

Meeting at 11.15 in the Parish Hall car park to share cars. Cost is around £4.50 each. To secure a place, please contact Gail on 851377 or [meldrumgail@gmail.com](mailto:meldrumgail@gmail.com).

# Newton St Cyres 200 Club

The July draw took place at the Mini Market on 28<sup>th</sup> June 2014  
in the village hall and the winners are:

|    |                     |      |
|----|---------------------|------|
| No | 2 Jackie Enright    | £100 |
| No | 69 J & B Hunt       | £10  |
| No | 37 Mr & Mrs Whalley | £10  |
| No | 58 Jane Bailey      | £10  |
| No | 34 D Finning        | £10  |

I am back from my holiday and yes I have got a nice suntan, all I need now is plenty of sunshine here to keep it!! Congratulations to all the winners.

Daphne 01392 851639

## Revels Sporting Challenge Results

Another successful and enjoyable competition was held this year.

Eight teams competed for the Cup this year and thirty two took part in the individual competition. Everyone tried to score in the following activities: Football penalties (where the speed of the kick was electronically measured), Cricket ball throwing at stumps, Archery, Golf chipping into nets, and Pétanque aiming at a target.

We are most grateful to the organisers of each activity for making the event so enjoyable for the competitors. Thank you.

The results:

Team winners were the Newton Legends from the Football club with 155 points - well ahead of second placed The A-Team from the Crown & Sceptre on 139 points and third placed The Rail team from the Beer Engine with 136 points.

The Under 14 winner was Matthew Hill from Upton Pyne.

The Individual adult winner was a newcomer to the village, Nick Gillon from Sweetham with 31 points. This equalled the score posted by Steve James for the Newton Legends in the team event which meant there was a tie for the highest Overall Individual points scorer so the prize was shared.

Congratulations to all our winners and well done to all those who took part, helping us to raise £120 towards the Revels fund.

Eric Fee

# Garden club news

At our meeting on 26<sup>th</sup> June we had a fascinating talk about the gardens at Castle Drogo by John Rippin the head gardener. He began by telling us that the garden was designed by Sir Edwin Lutyens who studied architecture at the South Kensington School of art from 1885 to 1887 before setting up in private practice and gaining commissions in this country and abroad. He designed and built the Cenotaph in Westminster and many of the war graves on the continent as well as the Exeter war memorial on the Cathedral green.

At the same time as designing the garden at Castle Drogo with its dramatic views over the Teign Gorge Lutyens was also commissioned to design a garden for the Palace of the Viceroy in New Delhi. If you compare photos of the 2 you will see similarities in the design with sharp classical architecture and planting influenced by the arts and crafts movement. Lutyens teamed up with George Dillistone a well-known gardener of the day who planted up the garden at Castle Drogo using plants from the Veitch nursery in Exeter. The castle has a formal garden situated on the west side which continues to present many challenges to the gardening team of two full time and one part time member as well as a multitude of willing volunteers. The garden being at an altitude of 1000 feet means that the team are constantly battling with the elements. The lawn tends to become waterlogged, trees struggle to survive and the current eleven million pound makeover of the castle sees extra footfall from contractors and machinery.

John has been searching the archives to regenerate the garden with the help of volunteers, local colleges and community groups. So what have they achieved? The garden has 100 meters of herbaceous borders which have recently been renovated, John and his team have been digging out the so called thugs such as crocosmia which were starting to take over. The aim being to create an inspirational border with interesting combinations of plants. Traditional herbaceous borders are labour intensive and because the plants tend to die back in the winter this can be a time of no interest. John says that in February they cut the stems back then the whole bed has to be mulched in March and as the plants spring into life birch and hazel stakes are used as natural supports.

With 100,000 visitor footfall every year the lawns must not only look good but must be tough and hard wearing. The volunteers have the job of scarifying, reseeding and spiking the lawns this allows air to the roots so that the grass outgrows the weeds. They are also brushed to keep them in tip top condition. Under Johns supervision the National trust at Castle Drogo are experimenting with what will grow well on

Dartmoor. They are currently growing antirrhinums, nemesia, clarkia and nicotiana plants from seed to restock the garden.

As you walk around the garden you can only marvel at the sharp neat cut of the hedges in particular the curved hedge around the croquet lawn – these are apparently cut using a spirit level to guide the hedge trimmer. What an amazing result!

There is something for everybody in this historic garden at any time of the year. In spring there are the rhododendrons azaleas and Japanese maples. In summer the poppies, roses and lilies. In autumn the maples and smoke bushes followed by the cyclamen and wood anemones in the winter. The children will love the quaint “Bunty” house with its own miniature garden planted by local school children for the enjoyment of all. Next time you are looking for a day out with the family perhaps see it for yourself and be inspired.

Enjoy your garden

Anne Rice

**Our next meeting will be September 25<sup>th</sup> when Flower arranger Tina Parkes will be demonstrating Autumn foliage flower arranging.**

CHURCH**

# Newton Revels

The Newton Revels is a bi-annual event organised by a large number of volunteers from Newton St Cyres. This year's event was held on the afternoon of Sunday 6th July which fortunately was bright and sunny with only one short shower.

A very large crowd joined in the festivities and were entertained by the Crediton Town Band, a demonstration by SUMA Martial Arts and a dance performance by Newton St Cyres Primary School.

In addition there were demonstrations by the NSC Football Club, Cricket Club and of course the fun sports organised by the NSC School.

The children attending were very pleased to try out the Bouncy Castle and the Giant Inflatable Challenge and were joined by their parents in trying to conquer the Rodeo Bull.

Attractions included the Medieval Village, the Steam locomotive, the Produce Show (where the Hole family won all 3 cups) and a number of sports including Archery, Target Golf and

Petanque.

And of course there was lovely food provided by the Crown & Sceptre Served, Church Teas and Cakes and the French Café which was run by the Twinning Group. There was too a large number of local charities and organisations who set up stalls, the

Mini Market and displays by the History Group, Friends of NSC School, The NSC Parish Council, the Friends of the Arboretum.

Also the Road Safety Group aided by the local Police and the Community Support Group organised by Simon Lovell

(Publican of the Crown & Sceptre) who was recently voted the Newton Village Community Champion for 2014.

Photographs courtesy of Alan Quick, Crediton Courier.

[www.creditoncouriernewspaper.co.uk](http://www.creditoncouriernewspaper.co.uk)

Said **Jim Enright, Chairman of the Organising Committee** "The Newton Revels has two aims. Firstly to provide the villagers and the wider spread community with an afternoon of entertainment and secondly to raise funds for and by local charitable organisations.

We are very grateful to the very numerous local organisations who provided Draw Prizes and to the several hundred visitors who came along to enjoy the Newton Revels. And to Bernaville Nurseries who supported the printing of the brochure.

Whilst we are still preparing accounts we confidently predict that we have exceeded our income target by raising in excess of £1500 for local good causes.

My sincere thanks go to the very hardworking Organising Committee and to the very numerous helpers on the day. There are too many to name but without them the Newton Revels could not take place. I should though especially mention John Salter, Trevor Whitely, Louise Woolacott, Jackie Enright, Andrew Knox, Kim Knox and Richard Nichols who worked above and beyond the call of duty.

Thanks too go the Quicke Estate for the use of their field for parking, the Rec for use of their facility and to the Parish Hall for use of their room and their tables and chairs. Tables were provided too by NSC School, Silverton Parish Hall, Stoke Canon Parish Hall and chairs by Clive Rendle. The sound system was provided and installed by Mark Smaldon and Ed Rice and marquees by the West Devon Emergency Group.

A very big thanks too go to Stuart Dowle who kept everyone informed and entertained by his very excellent announcements. Eric Fee for organising the Sporting Challenge and for sleeping on site overnight as required by our Insurers. Louise Woolacott for raising additional funds as well as obtaining a free banner from Exeter Signs, Clive Rendle likewise for his whiskey draw and the Art Group for a donation. And of course to those who supported the event by purchasing Draw tickets. Apologies to anyone who I may have forgotten to mention but your support was very much appreciated too.

Planning now starts for 2016."

### **CUP WINNERS OF THE FLOWER AND PRODUCE SHOW 2014**

**The NSC Gardeners' Perpetual Cup for the family with the most points:**

**Awarded to: The Hole family**

**The Bernaville Cup for the Adult with the most points:**

## **ANOTHER BUSY YEAR FOR CHILDREN IN EXE VALLEY FEDERATION SCHOOLS**

As we look back on another incredible year, it feels like a good time to share some of our successes with you. The last year has seen excellent co-operation between staff and plenty of opportunities for children to get to meet up across the three schools. During the year, they have met up for countless sporting events, enjoying our very successful Lord's Meadow Sports Initiative, the Exe Valley Challenge Walk and three different residential trips for years four, five and six. Theatre groups have come to visit in each school and the children themselves have taken part in shared expressive arts performances at the Great Hall, University of Exeter and each in their own schools.

So much of this has been down to the professionalism of the staff and their commitment to the children in their care. Most exciting for them has been the opportunities to spend time supporting each other, both formally at joint staff meetings and informally through videoconferencing and visits. Our federation motto "United in Excellence" is proving to be a successful one – Governors and Staff across the federation work really well together, trying hard to provide the best possible all round education for every child.

Looking forward to the new academic year, from September 2014, we will be teaching the new National Curriculum across the federation in all year groups except year two and year six, where children are required to be taught according to the current curriculum for one more year. Our staff are feeling confident about the changes and have been meeting together to discuss the implementation as part of their continuing professional development throughout the year.

It is the role of all schools and teachers to design and develop a balanced and broadly based wider school curriculum to develop pupils' understanding and skills and give them a sound foundation from which to progress. We have revised our rolling programme of topics to ensure that we are meeting the national requirements and also that we are able to provide the key knowledge that children must learn as they move through specific key stages. In doing so, we have sought opportunities for children across the federation to work sometimes on similar topics to their peers. This will enable them to get involved in their peers' learning, to share ideas and maybe sometimes enjoy joint working, videoconferencing and even to go on educational visits together.

Much of the curriculum remains the same but there are significant changes to certain subjects. In particular, we will be moving from an ICT curriculum to a Computing curriculum and this will be an area we will be developing in all three schools next year. The teachers are very excited about this and look forward to challenging the children to achieve highly in this area. If you would like more details about the changes you can find up to date, national information about the curriculum at:

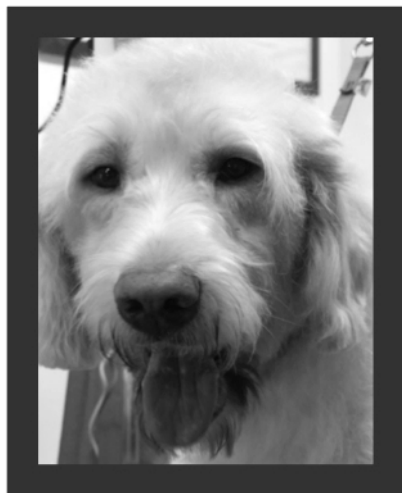

<http://www.education.gov.uk/schools/teachingandlearning>

# Monthly Gardening notes for August from Bert Jewell

## General Garden Tasks.

1. Trim hedges of Beech, Hornbeam and Leylandii.
2. Watch out for Blight on Potatoes and Tomatoes.
3. Keep dead heading to prolong flowering .
4. The nutrients in compost used in containers and baskets has by now all been used up, so add feed when watering. Potash ( like Tomorite ) added to the water at full strength once a week or quarter strength every watering. Use a balanced feed, equal parts, Nitrogen, Phosphate and Potash for any Climbing plants other than roses. They are best feed once a week with full strength high Potash.
5. Keep borders and beds free from weeds.
6. Harvest fruit when ripe.

## Trees, Shrubs and Climbers.

### How to grow Hydrangeas.

Hydrangeas come in three basic forms. The Mopheads are the most commonly grown varieties with their large round flower heads. Each head is made up of small flowers or bracts in a range of colours, including white, red, pink and blue. An alkaline soil is necessary if you want to produce blue flowers on your plant, hence the common name of changeable.

The flowers on the Lacecap varieties are completely different in that they are flat with an outer ring of large flowers with the inner flowers much smaller.

Plants grow to about 5' high and about 5' wide. It is recommended that the old flower heads are left on the plant over winter to help protect new leaf buds from frost. Remove flower heads down to a bud in March and also cut out any dead or weak branches.

There is also the climbing variety, Hydrangea Petiolaris. This plant is self clinging with white flowers like that of the Lacecap. Flowering time June / July.

Any well drained soil in sun or light shade, cut out unwanted stems in winter. The climbing variety may be slow growing for the first few years so will need some support.

Pests to look out for are grey mould, honey fungus, aphids, vine weevil and powdery mildew.

## Vegetables.

### How to grow Herbs.

Herbs can be grown in lots of ways, in pots on the patio, in an old glazed sink, grow bag or a herb garden, somewhere near the house so you can pick whatever the weather.

Herb gardens can look really nice when made into individual compartments with dwarf hedges of lavender. The compartments are known as knots, hence the name Knot garden. I have listed a few types which are fairly popular

**Basil.** This plant is best grown as an annual as it is not hardy, sow seed under glass in pots during March / April. Plant out in a sunny spot in early June

**Bay.** The laurel like Bay can be grown in containers and trimmed into shapes. They can be killed by frost, so wrap them up with straw and bubble wrap when frost is forecast.

**Garlic.** Buy a head of garlic from the shop and split it into individual cloves, plant them 2" deep and around 6" apart. Water well in dry weather and harvest when the foliage turns yellow.

**Rosemary.** A slightly tender evergreen that does best in well drained soil in a sunny spot. It can become leggy and untidy. Take cuttings every three or four years.

**Parsley.** Sow seed 1" deep in April for summer and autumn crop, and again in August for a winter crop. Germination can be very slow, rich soil in light shade will give the best results.

## Flowers.

### How to grow Heleniums.

These are mostly clump forming plants with sturdy branching stems, topped with daisy like flower heads from July to the Autumn, depending on the variety.

The flower is made up of a ring of petals which appear to face down when fully

open, this makes the centre look more pronounced, like that of a Zinnia or Rudbeckia. The centres are usually yellow or brown with the petal colour ranging from yellow, bronze, orange or red depending on the variety. The height ranges from 18" to 5', the taller varieties will need support.

The flower heads are attractive to bees. Wear gloves if you have skin allergies. Not all varieties are fully hardy so cover crowns in late Autumn with garden compost. They grow best in well drained soil in full sun. Dead head regularly and divide clumps every 2 to 3 years.

Pest to look out for are slugs and snails.

## Plant of the Month

### Geum.

Neither Margaret or I are big fans of Geums but if planted in groups close together they do make a reasonable show. One of the better ones is Mrs J Bradshaw. The flowers are double, brick red with a yellow centre. The leaves are large enough to make good ground cover and the wiry flower stem stands up to most weather. Does well in any reasonable soil in sun or light shade.

Enjoy your gardening.

# CANCER RESEARCH UK

Thank you everyone who donated toys, thank you all the helpers and the customers. Our efforts at the Revels made £132 for Cancer Research and we still have some stock remaining. We shall have a stall at the minimarket nearer Christmas.

### **Computer Support and Supply Services**

You've read the manuals, called the helplines, and things are still not much better. Why not try a local expert instead? Some of the things I can do are:

- Optimise or upgrade your computer.
- Provide you with a new computer.
- Get your broadband working properly.
- Set up networking for computers, tablets, readers and 'phones.

- Tackle hardware and software issues.
- Try to get data from a dead machine.
- Advise on your computer security.
- Prepare your old computer for scrapping.

I offer a service for home or business users, which is local, friendly, professional, and unbiased. Home visits a speciality, including evenings or weekends, to suit you.

- Dialword Limited, Shobrooke -

# Newton St Cyres History Group June Meeting

Our summer outing on Saturday 14<sup>th</sup> June was well chosen to coincide with the centenary of the outbreak of the First World War on August 4<sup>th</sup>, which has been very much in the media. We visited the War Horse Country Park at Parsonage Farm, Iddesleigh, where Graham and Rose Ward are close neighbours of Michael Morpurgo, who wrote War Horse, based on their farm. The Ward family have farmed there for over a century

and before that, the house was at one time home to the Reverend John 'Jack' Russell, who bred the well-known terriers of that name. The Wards have arranged an interesting exhibition of memorabilia of the war, and also local people and places at the time, the history of the farm, the books written by Michael Morpurgo and information about 'Farms for City Children'. This is the wonderful charity which the Mompurgos have run since 1976 and which uses Parsonage Farm for many of its teaching and learning experiences.

Altogether there was a great deal of interest to see, and we were lucky to have a warm and sunny day to walk around the farm. Some of the group went up to the Duke of York in Iddesleigh for lunch before meeting the rest of the party at Parsonage Farm. We were all welcomed by Graham Ward and shown to the 400 year old cob barn which houses the exhibition and a video introduction from Michael Morpurgo. We were then free to browse through the various exhibits, before some of us set off on the farm trail. The views over towards Iddesleigh are very beautiful and we all enjoyed the peaceful countryside, but advise other visitors to be more mindful of their route than we were! Having got lost and found again, we proceeded back to the farm to look at the farming history displays in the old piggery, the old farm machinery and some of the sheep and other animals kept on the farm. Everything is well labelled and there is even 'Joey' the war horse in the field, to remind visitors about the story of the fictional horse of 1914, that has been so successful on stage and screen.

Finally we were served a most delicious cream tea by Rose Ward (who originally comes from Newton St Cyres). The conservatory and garden are very pleasant places to sit and admire the views and the tea and cakes and scones were excellent.

Thanks to Jean and Roger for all the arrangements. Thanks also to Nick Baker who led a walk through Upton Pyne for the Ramblers and the History Group on May 25<sup>th</sup>. It was in aid of the Upton Pyne church and was most interesting and informative about the history of the church, the village and its buildings.

The Revels on Sunday 6<sup>th</sup> July was an enjoyable event and we hope that many of you will have enjoyed seeing the History Group displays. They included photographs of the railway station from past and present, weather events, and also the impact of the First World War on village life. Two individuals from the village who lost their lives in the war, Walter Mears and Edward Quicke, were remembered.

## 2014 Autumn Meetings all Thursdays at 7.30pm.

Everyone is welcome. There is a small charge of £2 which includes tea and biscuits.

Sept 18 First World War in Newton St Cyres - Roger and Jean Wilkins

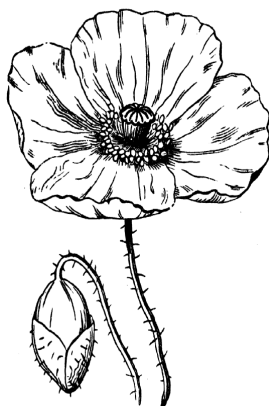

Oct 16 Peter Keay on Eastholme

Nov 13 Roger Mortimer The Monmouth Rebellion

Dec 11 Joint Christmas Social with Gardening Club

If you are interested in the history of the village and would like to help on the committee we should love to hear from you. If you have been independently researching but don't wish to get involved we should still love to hear what you have been up to. For example have you researched the history of your house, or perhaps you would like to know how to go about it. Please do make contact with Jean or Isobel. Phone numbers above. We are particularly lucky in Newton St Cyres that we have a village with very good records.

**From January 2015 our meetings will be held on a Wednesday evening.**

### *World War 1 Weekend in Upton Pyne*

#### **Friday 1 August**

Morning blessing of the wall hangings by the Bishop of Crediton in the church. See village notice boards for more details.

#### **Saturday 2 August**

2 – 5.00 pm Free exhibition of WW1 wall hangings, artefacts and local history in the village hall. Cream teas.

7 pm HOT Supper Club with WW1 music and poetry in the hall.

#### **Sunday 3 August**

2 – 5.00 pm Free exhibition. Cream teas.

#### **Monday 4 August**

11am Coffee morning in hall. Visit by the Lord Mayor of Exeter.

*All welcome!*

# Young Farmers

Members of Newton St Cyres Young Farmers Club have been involved with a number of events and socials in the last month including a trip to the driving range, a community action project in Crediton, a car treasure hunt, club rounders, tug of war competitions and some family fortunes!

Four members travelled to Ashford in Kent for the second leg of their YFC exchange. Millie Murphy, Rob Cheriton, Tom Lee and Reg Ayre enjoyed the trip which included farm walks, swimming and a birthday party.

At the beginning of July the club held their annual raft race along the River Exe and seven teams took part, building their rafts out of used pallets, barrels and rope. Unfortunately some rafts didn't quite make it down the river in one piece, but everyone had a good time and caught some sun. Bow members even managed to dodge the swans who got a little too close for comfort! The winners

were team 'Jolly Todger' from Chagford YFC completing the race in 1hr 15mins, where the losing team 'HMS Sinkable' from Bow YFC taking 3hrs 10mins! Thanks to everyone who supported the event, and special thanks to the clubs advisory who put on a BBQ and drinks for the members at the finish line.

The chosen charities for Newton St Cyres YFC are CLIC Sargent and St Johns Ambulance, however in June the members presented a cheque for £1,239 to Jo

Jones the County Organiser of the Farming Community Network. This money was raised at the clubs Grand Draw held in April. Thanks again to all the companies who donated the prizes, and everyone that bought tickets.

Club member Millie Murphy was pleased after her 'Tweed Board' entered at the County show made it to the National competition and came joint 29th out of 40.

Members are busy preparing their entries for the Haldon Rally which will be held at the Okehampton Show on Thursday 14th August. The members will also have a stand at the Downes Country Fair at Downes House in Crediton to help promote the club.

The club have recently bought a new rounders and kwik cricket set, so if you fancy a friendly game over the Summer drop Georgina a text (07801 273424).

# AUGUST ON THE FARM

Rich landscapes, full of harvest or the promise of harvest. Everything is at its most thriving. We saw a yearling fallow buck start up from her resting place in long grass on the edge of a field of spring barley, as we were almost upon her. Then there was the doe and large this year's kid running down the lane. It's lovely to have few enough deer to enjoy the ones we have, not worry about them taking much more than their share of our crops. To keep them at a sensible number (given each mature doe will have a fawn each year) we will need to harvest the increase in numbers each year. We'll have venison in the farm shop and served up in the Kitchen, to share with everyone. On the same walk, we saw a young badger run towards us in the evening light. He stopped, stared at us, then dashed in the culvert just below Tom's feet, the entrance only a hand's breadth away from where he was standing. Agile, healthy and sleek, I'm glad to say.

**CROPS** - We've harvested winter barley - we'd sown lots because the deer don't like to eat the prickly awns. The crop was better than we've had for years. Rain and dry in the end came at the right times. Wheat looks lovely, free of deer grazing. Now we wait to see if the harvest fulfils all that hopeful promise out there in the fields. Never work with children or animals, they say. They could add the weather, even more random; we have no control over it. We just work to give ourselves the biggest margin for those random events to happen, to limit the downside.

The maize keeps growing, powered by those great leaves, solar collectors every one. Then out pokes the flower, first the male bit, the tassel that stands upright. Then comes the silk, the female bits. In a visible orgy of airborne sex, the pollen flies from the stiff tassels, and finds its way to the sweet, soft, yielding silk, where it worms its way to quicken the flower and form each seed in the cob. When you eat a young sweet corn, you can still see the silk attached to each grain, memory of summertime frolics.

We've grown good crops of fodder beet. Some we will sell to an anaerobic digester where we have concern about the health of nearby badgers, it is pure liquorice to them, drawing them to its sweetness. Some, near robust setts, we plan to fence the wildlife away and graze cows over winter on it.

**GRASS** - grew the fastest it ever has in the spring, and put the brakes on with the drier weather. We've harvested a good amount for winter, and hope to catch a little more this month or next to make up for the fodder beet we are selling off. The clover finishes flowering and gets into its stride spreading across the ground, rooting where it goes. We want to get as much clover as we can, it's so full of protein for the cows, and its roots harvest nitrogen from the air to manure the grass around it.

**HEIFERS** - are thriving on the clover, each group shiny, growing and nosy, coming up to greet you. We've just got a mobile handling kit so we can do all those little attentions that animals need in their field. That avoids the fun but time-consuming stampedes as we used to do. We were always herding the animals together and driving them to the buildings for their fly treatment, worming, weighing or whatever. You have to keep them all in a group, not so easy if you go past woods or turnings or

across roads. There are always delicious bits of grass to distract them, or the ornery one (usually the Montbeliard cross, very independent minded) that decides she'd rather go the other way. Much better to keep them in the paddock, less drama for everyone.

**COWS** - calving again, this time the autumn cows to provide milk through the winter. That's partly because people eat more cheddar in the autumn and Christmas, and like it at a year old, and partly to keep enough milk coming through the cheese dairy to keep everyone busy. The cows can calve outside at this time of year. They spend a time in the maternity ward, all together, on a paddock without too much grass, eating straw to keep their digestions going. One by one, their udders will firm and fill. Then a cow decides to find a nice quiet spot away from but in sight of the herd, where she sits down, stands up, turns round, driven by the processes of birth. The calf starts its progress down the birth canal, she stands up, her tail arched out, the water bag comes, the little feet, then long forelegs, then nose, and in rush once the shoulders are free, out comes the calf in a liquid flop on the ground. Mum turns round to see what's happened, and licks the calf to breath. It takes that first breath, then slowly, driven by ancient need, it tries out its impossibly wobbly legs, gets up and nuzzles, licking and sucking till it finds the precious teat with its life-giving first milk. We check them, and mostly stand back. Our cross bred cows, as long as we've done our feeding and supplementation right, calve easily, with calves that like living.

We couldn't find one little calf, until she got hungry, and poked her nose out of a tractor tyre.

She'd curled up inside the tyre, gone there maybe to seek that reassuring swaddling effect of the tyre sides. We hadn't seen her before because she had very few white markings. Glad to find you, girl, we were worried!

The spring cows are now mostly happily 3 months in calf, quiet and as yet unburdened, settling into milking on the late summer pastures with its rich clover.

**CHEESE** - in the gap before the autumn cows' milk takes off, we close the dairy to do our annual maintenance and repairs - clean the tops of walls, the ceiling, repair pipes,

test and renew the key bits of kit. Then in a sparkling dairy, we start again. After a rest, it's hard if the weather is hot, working over warm vats, making big cheeses in heat and humidity. Turning young cheese in the cool stores suddenly becomes much more attractive, all of it thirsty work.

**STORES** - We are doing a project to draught proof our cheese stores. We generate electricity from the photovoltaic panels on the roof, it would be foolish to waste it in chilling warm air coming through air gaps. It's unglamorous but essential.

**SHOP** - thank you for supporting our shop, with so many of its products from just round here. Come and see our prizes - we've just won Best Cheddar with our Mature at the Great Yorkshire Show.

**QUICKES FARM KITCHEN** - it's been great to serve those lovely products in our Kitchen. I've been busy growing salad and flowers in my garden to go with Deborah Custance Baker's delicious food. We've got good coffee, monitored by our passionate coffee buffs on the sales team and now wifi. Tell us what you think, write in our visitors' book - I want it to be the best it can be to show of the delicious food of this valley, so you want to support the work that goes into making it so beautiful.

**AUGUST EVENT** - on Thursday 28th August Tim Harris, The Devon Chef, will be doing a cookery demonstration, cooking a delicious dinner with our lovely local ingredients, that we will then share. Visit the shop or Facebook for further details.

**YOGA** - We are also starting a Yoga class at the Kitchen, with Cassandra Collins, on Thursdays, starting on 24th July.

**RECIPE** - Lisa Purrington from Fairview Wholefoods in Dallas Texas suggested pairing apple pie with Quickes Mature Cheddar - this is the drop dead most scrumptious apple tart on the planet, and just made to accompany our cheese.

Pastry - the only pastry I can make - put 8oz flour, 4oz chilled sliced Quickes Butter, and 1oz icing sugar in the blender. Blend it till it looks like ground almonds. Add a beaten egg till it forms a ball. Chill in a plastic bag.

Food process 4 sizeable cooking apples (peeled and cored). Add 8oz sugar, lemon zest and juice from 2 lemons and 4oz melted Quickes Butter. Add 4 eggs. Blend.

Roll out pastry into a tart dish. Put in apple mix. Peel core and quarter 2 dessert apples. Slice each quarter into crescent moons and arrange around the top of the tart (you will need to stop the crescents browning with lemon juice). Sprinkle Demerara sugar over the crescents. Bake on a baking tray till the filling is set, about 45 mins, at 170°C.

Serve warm with our Mature Cheddar, I like to cut it in thin flakes not too far ahead of time so you have the maximum flavour to balance the sweet and sharp of the apple pie.

MARY QUICKES  
Twitter @maryquicke

# Newton St Cyres Flood Risk Management

This note is the first of a small number of entries in the Newton Wonder to keep villagers abreast of developing plans, highlight the responsibilities of the different organisations and to provide guidance on self-help. There may be some central funds available to the village which could allow us to keep a local stock of various flood prevention assets in the village and two of the principal outcomes will be:-

a) an “on – line” early warning rain gauge system installed in the village, – to give us as much time to get ready as possible, and

b) to update the Village Emergency Plan into a new Community Emergency Plan format in order that it will not only advise everyone what to do in an emergency, but may also link with plans from other organisations such as DCC and the Emergency Services.

Over the last few months a local volunteer flood group has been meeting with the Environment Agency in order to update them on local conditions. An initial flood meeting has now also been held in the village hall on the 25<sup>th</sup> of June with nearly fifty attendees, concerned villagers, Local Government Representatives (both local and Regional), as well as principal local landowners who have riparian responsibilities for streams running through their land.

The following areas of concern were identified.

## **SMALLBROOK**

- The small culvert under the road did not take away the flood water quickly enough even though the landowners had attempted to keep the drainage to and from the culvert clear.
- **During the February flooding this year the culvert had blocked and the flood water** laid on the main road. The cars moving through were causing waves which then ran into the properties alongside the road.

## **SWEETHAM**

- Surface water was washing down the stream and over the roads and therefore through the properties
- It was felt that some of this surface water may be coming from the Golf Course as this used to be farm land and treated as such

## **WEST TOWN**

- The Shuttern Brook rises very fast and surface water is coming down from the fields and into properties

## **HALF MOON**

- As well as the river flooding there, the surface water runs off the A377 into properties and the drains cannot cope with the flow.

Following the issues outlined above that were suffered by the village earlier this year, it was agreed to identify and address those remedial maintenance actions that may be undertaken by responsible bodies relatively quickly in order to clear ditches, water courses, roads, drains and gullies ready for next winter. These

actions may start reasonably quickly while longer term activities are worked on. In order to start this work, it was agreed, **the first step** is for qualified technical representatives to “walk” all three streams with the relevant landowners and to also meet with residents to better understand their concerns. This is going to be undertaken under the auspices of **Mid Devon District Council** within the next few weeks and individual action reports produced where appropriate.

Flood risk management may be extremely complicated with many organisations involved, the principals and their outline responsibilities are listed below. More detailed information will be forthcoming shortly.

1. **Devon County Council.** DCC is the Lead Local Flood Authority (LLFA) and are now tasked by Central Government to improve the way they manage risk in our region. They are responsible for managing local flood risk in Devon from surface water, groundwater and consenting and enforcement on Ordinary Watercourses. Also, most importantly, they are also responsible for maintaining and repairing highway surface water drainage systems and planning for, and responding, to flood emergencies. They are funding the production of our Community Emergency Plan.
2. **Mid Devon District Council.** MDDC have an inspection and maintenance remit and inspects the condition for all water courses and culverts other than main rivers. Their planning department is also responsible to ensure that development is not approved on areas at risk of Flooding.
3. **Environment Agency.** Is responsible for main rivers and in our Parish this means the **River Creedy**. Also responsible for our new early warning system.
4. **Landowners.** If you own land or property next to a river, stream or ditch you are a “riparian” landowner with defined rights and responsibilities, including a duty of care towards your neighbours, accepting their upstream flow and transferring it downstream without obstruction, preventing avoidable run off from your property onto a neighbour’s etc. We have identified three principal landowners who kindly agreed to work with us on this project, but there are also many householders whose property location means they also assume the “riparian” role!
5. **South West Water:** is responsible for the Majority of Public Sewers
6. **Community** Newton St Cyres Parish Council has assumed a proactive role as follows:–
  - a. To continue and support the work of the NSC Flood Group
  - b. To monitor performance and hold to account individuals and organisations involved in the project.

- c. To raise community awareness of the project by acting as a single point of contact to receive information and to promptly share and publish relevant information.
  - d. To assist the community to set up and implement a Community Emergency Plan
  - e. To best represent the interests of concerned householders and the community as a whole.
  - f. To ensure that any budget and funds accruing towards Flood Risk Management in the village are spent wisely to benefit of the community as a whole.
7. **Householders** Have a responsibility to keep themselves informed and it is your responsibility (with help from all) to look after your property, including protecting it from flooding. Whilst in some circumstances other organisations or property owners may be liable, there will be many occasions when flooding occurs, despite all parties meeting their responsibilities. Consequently, it is important that householders and businesses, whose properties are at risk of flooding, take steps to ensure that their home is protected.

It is understandable that villagers whose property may have suffered difficulties with flooding in the past would wish to be discrete regarding their problems, but it is also important to let the authorities know. Apart from the fact that there may be up to £5,000 of Government financial support in the form of "Property Level Protection" grants available (over and above insurance payments), it is also vitally important that local authorities are made aware, as without this knowledge the official statistics will not reflect the true situation in the village (which is in fact the case!) and the authorities will not know where to allocate future funds, deploy forces etc.

It is hoped that this note will be the first of a number keeping householders informed, we will publish emergency numbers, links and contact numbers shortly and a new Flood Page will be set up on the NSCPC web site where you can read the minutes of the meeting(s) and we will try and gather all relevant documents together into one place.

The confidential link to DCC is:-

<https://new.devon.gov.uk/floodriskmanagement/report-flooding-to-property/>

But if you would like to let us know in confidence we may be able assist you to chase them up with the assistance of our local DCC representative etc.

## Youth Group Sponsored Bike Ride

The youth group are having a sponsored bike ride on Sat 30th August. This will be in aid of Little Stars (Luxor Children's Trust) and is being organised by Benji Dovell, one of the members of the group. The ride will be from Brillshall park Exeter to Exmouth and back [23miles]

Please sponsor one of the young people if you can. Contact the Dovell family on 860803.

## Purveyors of spirit

"And the winning number for the bottle of Glenfiddich Malt Whisky is... ticket number 2". The responsibilities of a member of clergy are sometimes truly burdensome: drifting round a summer fete in an English village on a lovely summer afternoon, seeking to be sufficiently clerical to meet expectations but not too clerical. And announcing raffle winners. Which on this occasion (at Stoke Canon fete) had particular poignancy, since as a sort of 'purveyor of Spirit' in the Christian sense it seemed only a small side-step to be a purveyor of the alcoholic variety.

This is something I am getting more familiar with, of course. As I stand behind the bar in the (highly recommended!) Stoke Canon Inn, doing my weekly stint as a community volunteer, I know where the bottles of the popular spirits are located behind me (Bushmills is the favourite whisky). However, a customer's request for a more unusual drink still sends my head into a spin; when I'm now in another pub I marvel at the speed and efficiency of the bar staff - I won't be giving up the day-job just yet.

The close relationship between pub and church in an English village is an age-old one, of course. I like the fact that you can climb through a window into the pub from our vicarage garden (only in principle, of course). Pubs and churches are also the two locations in a village where the 'responsible' person needs to be licensed. Our society requires an activity to be licensed when it recognises it can be dangerous. As our children reach the legal age to drive a car we are therefore grateful that there are requirements to be met before they are issued with a licence! The notice above any pub door is a familiar one, and we know that drinking carries an element of danger - whether by observation or experience...

Along with all other clergy, I am also licensed, the licence being issued by the Bishop. The terms on which a licence is issued to those in positions of public ministry - that the spiritual, emotional and physical welfare of all with whom they have contact is safeguarded - have tragically sometimes been broken. The Diocese of Exeter, along with the rest of the Church of England, is currently working to strengthen this area.

But there is another sense in which the work of the church is 'dangerous', and in a good way. God himself is dangerous! A God who loves us without limit, who goes to the end of world for us and dies because of that love, a God who is infinitely creative and can transform any situation and any person (though gently and only with our permission) is dangerous. The church itself can find responding to the dynamic and changing work of God difficult - the Church of England is not famed for its responsiveness to changing needs in a changing world (though even here there are signs that 'the times they are a-changing!'). God himself can't be licensed. It is perhaps no surprise that we use the word 'spirit' for both alcohol and God, since both bring change.

So, I hope and pray that we will all enjoy the delights both of spirit (or your alternative drink of choice) and the Spirit.

David Carrington (Curate, Netherexe parishes)

| <b>Evening Prayer</b>       | <b>[BCP]</b> Traditional Evening Service from the Book of Common Prayer [about an hour]                                                                                                                                                                                                              |

## Daily Morning & Evening Prayer in the Netherexe Parishes

For daily services the format is generally Book of Common Prayer at Thorverton and Common Worship elsewhere, and the timing is about 20-30 minutes. All are welcome.

**Morning Prayer** is said on Mondays at 9.10pm in Stoke Canon church (during the school term, this takes the form of Collective Worship for Stoke Canon C. of E. School); on Tuesdays at 9.00am in Stoke Canon Chapel; In Thorverton at 7.30am on many weekdays and at 9.00am on Saturdays. For a list of the days this month on which Morning Prayer will be said at Thorverton, please see the notice posted in the church porch at Thorverton and on the website [go to churches section then select Thorverton]

**Holy Communion [BCP]** is celebrated on one Wednesday in each month at Thorverton at 9.30am; please see the notice in the church porch at Thorverton and on the website for this month's date

**Evening Prayer** is said on Tuesdays at 6.00pm in Rewe church and on Thursdays at 5.00pm in Newton St Cyres church..

**Variations:** Until the new school term begins in Sep, Morning Prayer in Stoke Canon church at 9:10 am  
Mon 25 no Morning Prayer at Stoke Canon Church
