01392 851 504 or
e-mail paul.radford3@btinternet.com
If you move away it can be posted for an additional £5 pa.

The Newton Wonder Editorial Team

We are very sorry that because of the pressures of work and other activities in the village Anne Rice has decided to stand down from her membership of the editorial team. We would like to replace her with someone who is willing to chase up stories and produce some pictures for each issue. If you think you might like to do this we would love to hear from you. Its not onerous and is generally good fun working together. The work gets you involved in village life as well as allowing you to follow up on your interests.

Mobile Phones

We all have them and most people want to be able to receive a good signal. Unfortunately we live in a dip in the hills which often leaves us with no reception. Vodafone are trying new technology which connects their network through the internet. This uses little boxes which have around the same output as a Wi-Fi router. These are inobtrusive and located outside carefully chosen buildings. Roger Cashmore has written about his in detail in this issue of the Newton Wonder and the experiment is supported by the Parish Council and the local MP, Mel Stride. Feedback is needed to evaluate this programme which may well become a regular way of providing a service in remote or difficult areas. Once again Newton gets it first!

Time passes

The Flower and Produce Show has been and gone. There are some pictures later in this issue. The term has begun and the Craft and Chat Club has again started to toil away making items for sale to raise cash for school events. Next month will be November and the Rec Club will be running its annual Fireworks Display on Saturday November 9th. the gate will open at 6.30 pm and the display will start at 7.45 pm. The aim is to have a good evening and any money raised will go to C.L.I.C.

Margaret Walters has asked me to make a note that the Newton St Cyres Church Christmas Fayre will be on Novemeber 30th at 2.30 pm. – more details next month. We seem to be still enjoyng summer as I write and cannot believe that Christmas is less than twelve weeks away.

History

The History group is making progress with its project to explore the impact of World War I on the village and had some interesting material on display at the Produce Show on September 14th.

The Newton Wonder has received a request from Tony Webb, a motor sport historian from Queensland, Australia to see if the village can cast some light on the events of the end of the 20's:- "

The story begins in April 1928, a young Australian speedway rider, Noel Johnson, from our suburb of Sunnybank hills in Brisbane travelled to England to seek fame and fortune in dirt track racing. He joined the Exeter speedway team in 1928, but was sadly killed at Plymouth in 1931.He lies in an unmarked grave, we are trying to raise

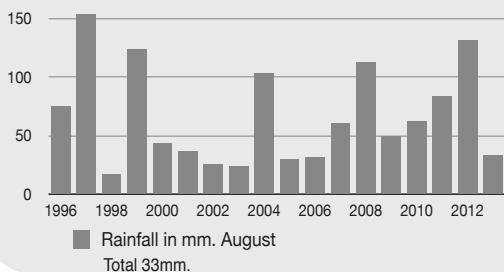

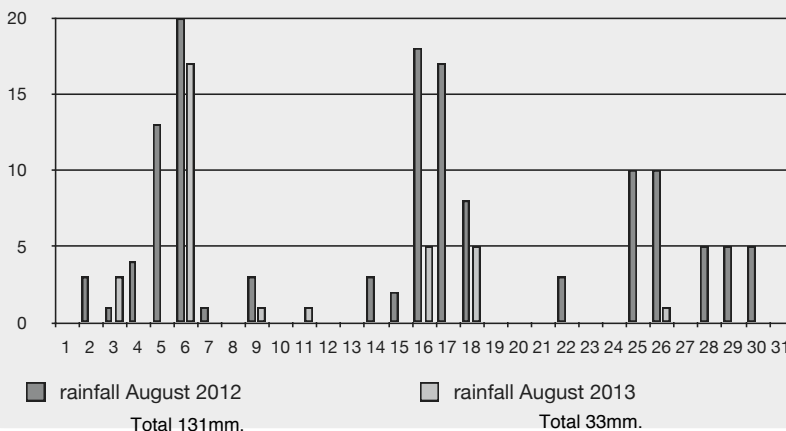

funds for a headstone but that is not the purpose of my letter.

Noel's two nephews live in the next street to me, knowing my interest in speedway history they asked me to research Noels life for them. They gave me a number of items, one was an original red and white poster for grass tracking racing on July 27 at the Newton St Cyres garden fete. the headline ran "Come and see the famous Australian speedway star Noel Johnson". There is no date on the poster but likely 1928,29,30.

I wonder if there are any records of these events or if anyone locally can recall anything as to where the races took place etc."

If anyone can cast any light on this I will be happy to pass on the information. I am told that there was grass track racing at Woodley intoo the 1950's but what or where the Fete mentioned was remains a mystery. Clearly there is a relationship between Grass Track racing and modern speedway. Maybe someone who is a speedway fan will be able to help.

The Weather

James Walters' data tells us what we knew; that we have had a lovely sunny summer with only a quarter of the amount of the rain that we had last year. The sunny and hot months of July and August were fantastic for those who stayed in this country for their holidays but the lack of rain early in the year meant that the farmers had a poorer harvest than they would

RECREATION GROUND CLUB

September as expected is proving to be very busy and setting the pattern for the winter months. It looks likely the football leagues will allocate us two Senior football matches every Saturday for the foreseeable months.

We are getting several Cup games from the Crediton Skittle League as well as the normal league games, we have one team in division one, two in division two and one in division three, giving us an interest in all the divisions. The Monday Darts League is now well underway together with the Ladies and the Creedy Valley Darts League. That gives us Darts on Monday Wednesday and Thursday evenings and Skittles on Monday, Tuesday and Wednesday evenings keeping us on our toes.

It does still give us Friday evenings and Sundays free for Social events. The Archery Group are using the Skittles Alley on Friday evening so if you need a venue ring me on Exeter 432287 and I'm sure we will find a time for you.

We are making good progress with the plans for the Fireworks event on Saturday 9th November, the gate will open at 6.30 with the fireworks starting at 7.45. There will be refreshments available and the Bar will be open all evening. Again we thank the sponsors who help us provide the evening's entertainment and the volunteers who provide the refreshments. I will remind you that all the profit from the refreshments go to Charity, the Charity supported is C.L.I.C. I'm sure you agree a very worthy Charity to support.

We look forward to having a big crowd on the 9th November to enjoy the firework display.

Wendy

Thank you – Janet and Barry Vosper would like to thank all those who attended Rene Leach's funeral. Over £200 was donated to Hospicecare.

ALLOTMENTS TO RENT **The Parish Council have a few** **ALLOTMENTS**

Available to rent

£10 per year per allotment

Dear Editor

Some time ago it was mooted that a cycle route would be considered between Cridton and Exeter. The whole idea has gone very quiet, however I would like to raise the prospect again.

Whilst I have every admiration for cyclists, the A377 is not the ideal road for them to be commuting on, or travelling on it for leisure. The traffic hold ups, the dangerous overtaking manoeuvres and the lack of consideration for those on bicycles, is something that could be removed if a proper cycle route was constructed.

It has been achieved between Exeter and Dawlish, and Exeter and Exmouth, so why not between Cridton and Exeter?

We have two routes, that are flat (cycle friendly), namely the river and the railway line. So to follow either, or a combination of both surely cannot be beyond the realms of possibility.

It would also, hopefully, prevent cyclists using St Andrews Road to get into the city. I would welcome any comments and/or support for this project so that perhaps we could put pressure on the powers to be to reconsider this idea.

Yours sincerely
Roger Clements

Newton St Cyres FC– October Update

The season is now well and truly back underway as the senior and youth teams get into full flow. The Firsts started the season brightly with wins against Halwill and Pinhoe away, 1–0 and 2–1 respectively. Next up was the local derby against Cridton. It's always a well contested game but unfortunately for us Cridton took their chances and came out on top with a 2 nil win that left us rather deflated. This was followed by a Cup game at home to Newtown and after drawing 2 all after ninety minutes, our fitness levels paid off and we progress into the next round having

won 4–2. The final game of the period was a County Cup game, again at home, versus Hookhills from South Devon. It was a good contest but we were too strong for the Division 2 side and ran out 2–1 winners. A good start so far with 4 wins out of 5 as we continue to gather pace.

The Reserves eventually started their season on 7th September against Westexe in the East Devon Cup. The side had to wait a while following pre-season as no league games were scheduled for the first two weeks of the season! It started well however as the reserves came out on top against the pace setters of Division 5 (the division above) winning 4–1. The first game of the league season was an away trip to Halwill, last year's division champions. It was always going to be a tough game but the team came away with a very credible point (2–2).

The Under 12s got off to a flying start in Division 3 of the Exeter Youth League when they thumped CS Lions 7–0. This will give them some much needed confidence as they look to progress this season and climb the table. The Under 11s have withdrawn from the Exeter Youth League this year and are instead looking to join up with the Mid Devon Soccer League. We are still waiting for confirmation of the arrangements for this season but hope to get them underway by the middle of October (weather permitting!)

The Under 8s have now officially commenced their season and it started with games against West Exe and Alphington. The results didn't quite go the way we would have hoped but there were some excellent performances from the players and I don't think it will be long until they get their first win under their belts.

As always the youth teams are looking for new players to join up with the existing squads and we would welcome any new players who want to join up with our under 8's, 11's or 12's. Contact Mark 851611 or Graham 851277 to find out more or visit the website newtonstcyresfc.co.uk.

Pre-season Friendlies: 3pm unless stated

Firsts – 12th Topsham (A), 19th Clyst Valley (H), 26th South Zeal (A)

Reserves – 12th Dawlish Utd – Cup 2.30pm (H), 19th Silverton (H), 26th Honiton Town (A)

NEWTON RAMBLERS

Sunday 6th October

Our walk this month is on the earlier date of **Sunday 6th October** so that we do not clash with the Curry Lunch to be held in the Parish Hall on the 20th. We plan to walk in the area around Meldon Reservoir on Dartmoor. Depending on the weather and the wishes of those with us we could walk up on the the moor and then loop down on the other side of the reservoir, walk up the river to the wood or just walk around the reservoir. If there is time we may also take in the old kiln and the industrial remains.

We will leave from the Parish Hall Car Park at 10.30 am bringing packed lunches with us. We plan to share cars wherever possible but those who wish to go direct can meet us at the car park at the dam. Please let Colin know and we will look out for you. **All welcome.** Any queries to Colin Joslin 01363 776951.

Please note that anyone joining these walks obviously does so at their own risk.

Newton St Cyres Tennis Club

The American Tournament (for adult members) held on Sunday 8th September was enjoyed by all who competed, with Andrew Wiles winning the Men's group and Elaine Hennessy and Frederiek Maddock jointly winning the Ladies' group.

The autumn term for junior coaching is up and running. We currently have some spaces in some groups – please contact Viv Baber on 01392 681180 if you would like further information.

Our strongest adult club sessions are on Sunday afternoons from 2pm and Thursday evenings from 6.15pm. More relaxed daytime sessions continue to run on Tuesdays at 10am and Fridays at 2pm, and all adults are welcome.

As always, all up to date information can be found on our website – www.newtonstcyrestennisclub.co.uk or you may call our Membership Secretary,

SOME DEVELOPMENTS AT THE PARISH HALL

The appearance of the Hall will change during the Autumn. Many of you will know that there has been deterioration to the roof and that we have been seeking funds to re-roof both the Main Hall and the Club Room. We have been successful with applications for grants to the lottery-funded Awards for All scheme and to the Community Grants Fund administered by the Community Council for Devon on behalf of Devon County Council. The Parish Council has also made a grant. We are extremely grateful to these bodies for their support. The balance (about 20% of the total cost) will come from Hall reserves.

We hope that this will be the first phase of an improvement programme. The Committee have been busy discussing priorities and seeking views of users of the Hall. The agreed priorities are (a) to change the entrance/exit to the Hall from the front (straight on to West Town road) to the side, (b) improve the kitchen, (c) rationalise the toilet facilities, so that they can all be accessed from a vestibule, rather than from only one of the meeting rooms and (d) install an improved heating system with radiators. We are being helped in preparing plans for this re-development by David Wright of Pinhoe. A combination of fund raising and grants will be needed to turn these ambitions into reality. We will also look into the possibility of launching a scheme for villagers to contribute by making repayable loans.

The Committee are very proud of the Hall and the contribution it makes to the village community. These steps will do much to ensure that the Hall is very much 'fit for purpose' for the present and next generation.

Proceeds from the Curry Lunch on 20 October (see separate notice) will contribute to the Roofing Fund. Please support your Parish Hall.

Roger Wilkins, Treasurer

Parish Council report September 2013

Seven Councillors attended the Parish Council meeting on the 2nd September and were joined by Cllr Peter Hare-Scott from MDDC. Nine members of the public crowded into the Clubroom of the Parish Hall mainly to voice their opinions on the revised Planning Application from No 2 New Estate. Feelings ran high and the Cllrs took on board the comments and problems that were raised. When the item came up on the agenda the Council voted unanimously to object to the revised application and to request that the final decision was made by committee in MDDC and not by a single Planning Officer.

Town and Parish Funding (TAP) was discussed and the Council had three applications to consider for this fund. The decision was made to prioritise these applications and request that any surplus funding from other parishes be allocated so that all three organisations would benefit. The applications came from the Hall for funds towards the new roof, from the Football Club for help with training facilities and from the Rec and Tennis Club for funds towards the safety netting.

Risk Assessment. Cllrs Kate Anstey and Jill Baker had undertaken the annual risk assessment in the village and had highlighted one or two problems. The trees on the Village Green needed inspecting to see if pruning was required and the seat by the bus stop needed some attention. The main problem appeared to be with the village sign on the Green. The post was becoming loose and the sign on the top was only held on by one screw. Cllr Steve Parker agreed to examine the post and see if it could be shortened and made safe. At the same time Cllr Roger Cashmore would look into the possibility of making the village sign more visible.

Highways matters. The following issues were passed to DCC Highways and/or Cllr Margaret Squires to check out.

- ❖ West Town corner and the problem of lorries and cars cutting the corner and mounting the pavement
- ❖ Sunken manhole covers on School Hill
- ❖ Overgrown hedge opposite Creedy View

Other issues were still ongoing and Cllr Chris Southcott would raise these again with DCC Highways.

Allotments. The Council were pleased to note that all rents had been paid and the untidy allotments had been cleared. Discussion took place on the problem of wildlife eating the produce and it was reluctantly agreed that fencing the whole area would be extremely costly. The hedge near the entrance needs cutting and a contractor will be approached.

General. It was agreed to invite all the voluntary litter pickers to have coffee one morning nearer to Christmas in the Crown & Sceptre to say thank you to them for all their hard work. Cllr Jill Baker will arrange this later in the year.

The Parish Council have booked a table at the Revels in 2014 and the Cllrs would be available on a rota to answer questions and queries.

Are You Concerned About The Speed Through The Village, In Station Road and Cowley?

If you are The Community Speed Watch Team are looking for additional volunteers to help.

An hour a week or an hour every two weeks would be adequate and times are flexible.

This might suit a mum waiting for children to come out of school, a retired or semi-retired person, etc. Training will be given.

We are a friendly group and the more volunteers we have, the more times the group can operate, thus reducing the speed.

Anyone interested should please contact Tom Clague on 851639.

A problem had been reported about buses not stopping at the bus stops in the village even though potential passengers had indicated they wished the bus to stop and the bus was running on time. The Clerk was asked to write to Stagecoach and ask for an explanation **and parishioners are requested to let the Parish Clerk know of any instances when this has happened to them. Please contact the Clerk, Jane Hole on 851148 with details.**

Cllr Roger Cashmore updated the Council on the Vodafone project and hopefully more information will be available in the near future.

The next meeting of the Parish Council will be held **on Monday 7th October in the Clubroom of the Parish Hall.** The meeting will start at **7.00 pm** as there will be a representative from the recently formed Flood Group present to update us on developments concerning a flood plan for the village.

The next Parish Surgery will be held on Saturday 26th October (10.30 – 12 noon) in conjunction with the Mini Market in the Parish Hall.

Everyone is invited to come along to the meetings or to the surgery and meet their Cllrs and raise concerns.

Cllr Jill Baker, Press Officer

Community Support Group

The group decided to invite Cosmic to bring their gadget road show to the Crown & Sceptre for the Coffee Morning on **Saturday 12th October.** It is hoped that following this a series of sessions could be arranged to help to get people started on computers and to sort out the best equipment for their needs.

On **Saturday 16th November** the Devon Fire and Rescue will be there to talk to us about fire alarms and carbon monoxide alarms. John Lee, High Sheriff for Devon also hopes to come along to meet everyone.

On **Saturday 14th December** the group will hold their Christmas Party in the Crown & Sceptre.

Mini Market – a note from Pat Butt

The next Mini Market will be on Saturday Oct. 26th. 2013 from 10:30 am till 12 noon.

Don't forget to come and meet friends over coffee, tea, soft drinks and bacon butties. All the usual stalls:- meat, vegetables, cakes, pasties, plants, hand crafted cards, bric a brac, jewellery and toys (in aid of Cancer Research). There will be a stall from the village school and the Parish Council "surgery".

If you would like a stall or have any other good ideas please contact Pat on 01392 861131.

Do You Remember.....October?

October 1973

Following gales two trees were blown down in Station Road plus one in the Vicarage and the lightening conductor on the Church was dislodged. The Methodist Church at Sweetham had undertaken a number of collections. At the Parish Council Cllr Walters said that every time a farmer trims his main road hedge, he puts his life at risk because of the traffic. The formal opening of the Recreation Ground took place. Brian and Edna Oram left the village for the Seychelles Islands. A long article appeared with regards to the link between Norton Farm and Exeter Cathedral.

October 1983

At the Twinning Circle the following officers were elected; Chairman – Mrs Prue Quicke, Treasurer – Doug West and Secretary – Stuart Martin. There was a move to try and revive Newton Carnival and anyone interested was asked to contact Beryl Peck. The Parish Council were still keeping up the pressure on Devon County Council for improvements to the road at Castlands. The Parish Hall announced that tables and chairs could be borrowed at a small cost. Forty people from Cowley and Newton St Cyres formed a party to visit Exeter Cathedral. They all climbed to the roof of the Nave and on up to see the world's second heaviest bells hung in a full circle ringing. The St Cyres Players were rehearsing 'The Ghost Train'.

October 1993

In the Gardening News by Liz Mitchell an article appeared about the Exeter Hybrid Acacia. The Handicrafts Group were meeting at 1 Court Orchard and making items for sale at the Autumn Fayre. The Football Club 3rd XI was being managed by Paul Rook and were a very young side. The Parish Council were running First Aid Courses during the autumn and winter. The School were collecting Birds Eye and Boots tokens for sports items and books. The Twinning Circle received a seat carved out of Caen stone and this was now beneath the east window of the Church. The French visitors took part in Jeux sans Frontiers at Glebe House and a tour of Exeter in an open-topped bus with John and Lyn Durrant. Cancer Research Campaign were holding an Autumn antiques evening in the Parish Hall. The missing Hand Bells mystery was solved – they had been in use until 1919 and then sold! At the Recreation Ground Car Boot Sale the proceeds went to the Rec and to the

Hall.

The recipe was for Marrow Chutney.

October 2003

The Newton Wonder was going up in price in February from 25p to 30p or £3.50 per year.

Lyn Yelland had retired from the Editorial team of the Newton Wonder.

The Police were launching their new Community Messaging Service.

David Pritchard reported on a successful Newton Ramblers walk towards Shobrooke.

It was reported that Network Rail would not be erecting a Communications Mast at the Station.

Newton St Cyres 200 Club

The September draw took place at the coffee morning in the Village Hall on 7th September 2013 and the winners are:

No	187	Eileen Endicott	£10
No	118	Mrs Griffiths	£10
No	101	Isabel Hepworth	£10
No	2	Julie Enright	£10

Congratulations all,

Daphne 01392 851639

Newton St Cyres Youth Club

We meet Wednesdays fortnightly from 7pm to 9pm at the Village Hall

Ages from 10 to 15

Games, Dancing, Table Tennis,

Art and Craft Talks,

Have Fun and Learn New Skills!

We look forward to seeing you

Newton St Cyres to test a new communication technology

Newton St Cyres is one of only twelve rural communities selected from over 170 applications throughout the UK to take part in testing a new mobile phone communication platform. Vodafone is funding and testing a new technology capable of bringing mobile voice and data communications to those small isolated communities where the building of a normal large cell mast would just not be commercially viable, or difficult to obtain planning permission.

As I am sure readers are aware, although we are close to Crediton & Exeter, due to the fact that we are surrounded by hills it is sometimes difficult even to get good television and radio reception, let alone a strong, reliable mobile phone signal in many parts of the village. Past attempts to build masts in order remove this communication 'not spot' have run into planning objections and concerns regarding "radiation".

As well as being in a 'not spot', many of us also know how difficult it is to receive weak mobile signals inside our cob houses, sometimes having to go outside to make a call. For some time now Vodafone has been marketing a simple residential solution called "Sure Signal" that brings mobile phone communications in to the house via the internet. This is called a closed system as only mobile phone numbers registered by the householder may use the sure signal. Now Vodafone are up scaling this technology from the home to the community. It is this new technology that is being trialled in Newton St Cyres and it is called 'Open Sure Signal'. It is based upon the installation of a number of small external boxes around the community in order to provide reliable mobile phone coverage. The small boxes are connected to the rest of the network via broadband. The technology is called open as any Vodafone 3G mobile user (including those overseas visitors using an overseas network with a roaming agreement with Vodafone) may use the system once they come into coverage.

Each box is able to handle up to 8 simultaneous telephone conversations and data transmissions on the 3G network (unfortunately the older 2G phone are unable to use this technology) and covers up to about 250 metres.

In November last year the parish council nominated Cllr. Roger Cashmore to prepare an application to Vodafone for

The Cell installed on the Village Hall

consideration to take part in these trials and were delighted when the village was chosen by them to test the technology here in the south West. Working with Vodafone engineers various candidate sites were considered and detailed engineering surveys conducted. An agreement was also negotiated with each landlord and eventually the equipment was installed, connected and tested. The systems are now installed on the following buildings in the village:- The Recreation Ground, The Beer Engine Public House, The Crown & Sceptre Public House and The Village Hall.

While not yet providing full coverage for every part of our widely disbursed village we are most grateful to Vodafone and the 'landlords' of these sites for allowing this trial to proceed. Other candidate sites considered included Newton House, The Church and the Village School, which, for various reasons were unable to proceed.

At a meeting held in the Crown & Sceptre on the 17th September it was agreed that the trial could now start and that we may also raise the profile of the project and village with the assistance of the local press and our Member of Parliament. We are now interested to receive feedback from anyone in our community, and their visitors, about their experiences. Some visitors from Japan having a meal in the Crown & Sceptre last week were able to use their phone in the village to ring overseas- for the very first time. Visitors staying in a Bed & breakfast were also able to use their phones in the village - but not at the end of West Town, etc.

This is not an attempt to convert residents to Vodafone, but we firmly believe that this technology could, over time, have a positive impact on the village community allowing us to take an active role in (and maybe even influence!) the improvement of rural communications. For example, people working from home may now use their works mobile, bingo players in the village hall, football players at the rec., visitors to the Beer Engine or Crown Sceptre may all benefit.

So please let us receive your questions, queries, thoughts and comments (negative as well as positive), it is important. Peter Hawksley of the Newton Wonder has kindly agreed to receive any of your communications regarding this subject and to forward them onto Cllr. Roger Cashmore, the Vodafone Project Contact who may also be contacted directly on 07904 625 321 or cashmorer1@gmail.com

NEWTON ARBORETUM

COFFEE MORNING

SAT 5 OCTOBER

Parish Hall

10.30 to 12.00

**All welcome. Proceeds for
improving the Arboretum**

Garden Club News

Well done to those of you who brought entries to our Produce Show in Newton St Cyres Village Hall on 14th September. There were a record 255 entries in the 63 categories. The judges passed comment on the quality of the exhibits and remarked that they were a credit to the village. We have had very positive comments about the day and financially made a small profit. It was not the intention to make money out of the event, rather it was to showcase the terrific talent in the village and give pleasure to everyone who came along to enjoy themselves. It was a sunny day and we had a good

number of visitors through the door. There was plenty to do and see including stalls by the Friends of Newton School and the Gardening Club. Displays by the History Group, Friends of the Arboretum and Neighbourhood Health Watch. Geoff Jackson brought along his model steam engines and Chloe Howarth did children's face painting. John and Chrissie Salter ran the raffle and Rachel and Alice Dowle served the tea and cake. I took along a super box from my bee hive and was able to show people where their honey comes from.

Congratulations if you went away with a coveted winner's certificate or cup for your efforts. If you did not win this time just remember that it is the taking part that counts. You know what they say "If you do not at first succeed try, try again". You will have another chance at the Newton St Cyres Revels which is to be held on 6th July 2014. Why not put the date in your diary now?

Bert Jewell and Jane Bailey are 2 of our judges and they have the following tips for success. It should go without saying, but always carefully read and abide by the schedule. An item that does not meet the criteria will not be judged no matter how good it is.

Preserves should be a good colour, flavour and have a firm set. Jelly should be clear. The jar needs to be sparkling clean and have a clear label stating the contents. A disc of greaseproof paper should be placed over the product before sealing with a lid or cellophane disc. Chutneys and pickled products should also be presented in this way.

Fudge, sweets and small cakes presented in paper cases are more likely to catch the judge's eye. A white plate is often less distracting and shows off the product at its best. Shortbread must be pale and golden in colour, be dusted with icing sugar and when broken snap like a biscuit.

Cookery items such as cakes, scones and quiche will look their best if displayed

with a doily on the plate. Pastry items such as quiche should have a good flavour, be golden in colour and if served with a bit of garnish might just give you the upper hand. Soggy bottoms will not make the grade so either bake the pastry blind or heat the baking sheet in the oven first. The judge will expect any class that contains bread such as ploughman's lunch to have homemade bread.

If you do not fancy cooking then how about scouring the garden to find your entry? Flowers such as roses can be picked a few days in advance and kept in the fridge to hold them back. Remove buds but keep leaves on. Ideally they should be displayed in a vase that is either white or clear glass. Make sure that if you enter the flowering pot plant or stems of perennials that they are actually flowering. If entering a geranium and the middle flowers are gone over from a particular flower head don't despair – here is what the professionals do. Carefully cut out the offending bits and tie cotton around the flower to hold it together. But this has to be done 10 days prior and remember to remove the cotton before the judge sees it! Make sure that all pots are scrupulously clean.

Perhaps your hens are laying prize winning eggs? Only enter the freshest ones. The judge will break one egg open and expect the albumin to be slightly raised around the yolk.

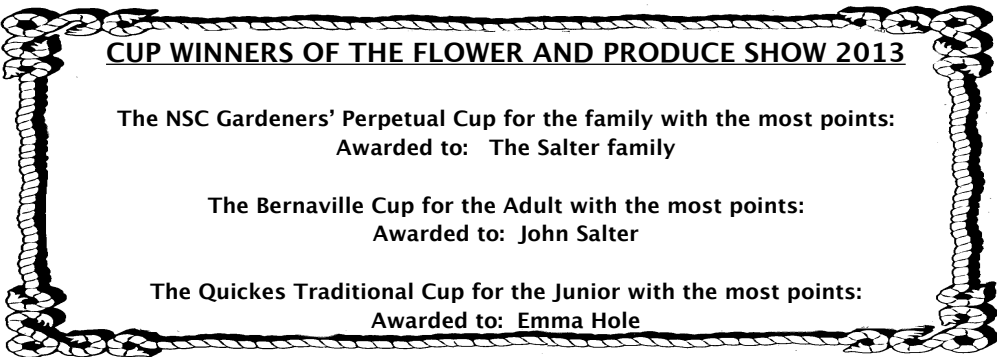

Vegetables should be clean and unblemished and where the class asks for multiples they should be the same size, shape and colour. Vegetables such as carrots beetroot and parsnips should have their tops trimmed to 2–3 inches. Runner beans should be cut with scissors retaining the stalk on top and not kept in fridge. They should snap cleanly when examined by the judge. Onions should have their roots trimmed and tops tied with raffia. Check out YouTube if you need a lesson on this technique!

Fruit should not be over ripe, cut with scissors to retain stalk. A nice touch is to present them on some leaves from the tree or bush.

Best of luck to one and all.

Anne Rice

Our next meeting that you are all welcome to attend is on October 24th and entitled “perennials and borders” with Alan Leaman from Bernaville nurseries. See you at 7.30pm, Newton St Cyres Village Hall.

CUP WINNERS OF THE FLOWER AND PRODUCE SHOW 2013

**The NSC Gardeners' Perpetual Cup for the family with the most points:
Awarded to: The Salter family**

**The Bernaville Cup for the Adult with the most points:
Awarded to: John Salter**

**The Quickes Traditional Cup for the Junior with the most points:
Awarded to: Emma Hole**

Monthly Gardening notes for October from Bert Jewell

General garden tasks.

1. Trim down tall shrubs, plant new trees and shrubs, Prune Climbing Roses.
2. Plant Tulip bulbs
3. Plant out any Strawberry plants that are rooted from this years runners.
4. Clear leaves from lawns.
5. Rough turn the veg patch once the crops have been gathered in.

Trees, Shrubs and Climbers.

October is a good month to plant new trees and shrubs, either bare root or container grown. Take out a hole large enough to take the root ball and add some garden compost into the bottom. Position the plant in the hole and check the depth. Try to plant it at the same depth as it was in the nursery, it may die if planted too deeply.

Provide a stake for tall trees or shrubs, until they are established.

Cut down Buddleias by about a third to help stop wind rock. Prune Climbing Roses by cutting out as many stems as possible that have flowered. Tie all new growth into supports.

Flowers.

Tulips are best planted from mid October to late November at a depth of about 6 inches. If your soil is heavy and retains a lot of moisture, try adding coarse sand to the planting holes, tulips do not like waterlogged soil. It is best to lift most tulip bulbs after flowering, dry them off and store until the next Autumn. Species tulips can be left in

the ground to naturalise.

Pot up any tender Fuchsias and Pelargoniums that have been grown outside and put them somewhere light and frost free for the winter.

Lift Dahlia tubers once the foliage has been blackened by frost, cut the stems down and dig up, wash off and place upside down to drain, once dry they can be stored in a frost free place with plenty of air circulation.

Fruit.

Pick any Apples or Pears that are still on the trees by the middle of the month. Some old varieties store well in trays or on slatted shelves. Use windfalls first and check the picked ones every week for signs of decay. Now is the best time to plant out Strawberry plants.

Lawns.

Its that time again when the leaves that looked so clean and fresh in the Spring have come to the end of their useful life, feeding insects, helping to reduce pollution and giving the tree a graceful appearance. Keep lawns looking clean and tidy by picking up any fallen leaves, keep edges trimmed and mow if the conditions are right.

Vegetables.

Remove yellowing bottom leaves on Sprouts, and if not already done, put in a cane beside the plant and tie it with green twine. The sprouts are easier to pick if the plant is upright.

Leave Parsnips and Carrots in the ground until needed. Rough turn any vacant ground and leave for the frost and Winter rains to break down ready for next Spring

Plant of the Month.

Japanese Maples (Acers)

They are now coming into their own with the beautiful Autumn colours, reds, purples, oranges and yellows. Can be fussy about their growing requirements, some like lime free soil, a sheltered site, not to wet with light shade. Check requirements and eventual size before buying.

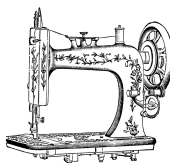

Friend or Foe.

Gooseberry Sawfly.

The adult is about half an inch in length and mostly yellow. The larvae or caterpillar is most often seen eating the leaves of gooseberries and currants, they are light green in colour and just over an inch in length and can strip a bush bare.

Enjoy your gardening.

Computer Support and Supply Services

You've read the manuals, called the helplines, and things are still not much better. Why not try a local expert instead? Some of the things I can do are:

- Optimise or upgrade your computer.
- Provide you with a new computer.
- Get your broadband working properly.
- Set up networking for computers, tablets, readers and 'phones.
- Tackle hardware and software issues.
- Try to get data from a dead machine.
- Advise on your computer security.
- Prepare your old computer for scrapping.

I offer a service for home or business users, which is local, friendly, professional, and unbiased. Home visits a speciality, including evenings or weekends, to suit you.

- Dialword Limited, Shobrooke -

DEATH OF THE MONKEY PUZZLE

You may have noticed a recent change in the appearance of the monkey puzzle in the Arboretum. The foliage at the top of the tree changed colour from green to brown during the mid-summer period.

The tree had not been healthy for some years, but we did not expect such a rapid change. There is substantial rot at the base of the tree and it is leaning.

The tree is now dead and will be felled within the next few weeks.

This is a great shame as the monkey puzzle is over 150 years old and just over 100 ft high. It has been a great landmark in the village and the most iconic tree in the Arboretum. We will plant a replacement, but it will, of course, be many years before it reaches full height

Photo by Roy Beckett

Roger Wilkins, Secretary, Friends of Newton Arboretum

Georgina Vye writes:

I would just like to say a big thank you to all those hard working people who give their time transforming the arboretum. We have walked through it now for two years and really appreciate the work done so far to open it up, plus all the little surprises we find that make the walk easier and more delightful, especially recently we enjoyed the wild flowers blooming near the summer house.

Many thanks

Newton St Cyres History Group

We have had some very interesting WW1 material lent for the exhibition at the Flower and Produce Show and we thank all those families who have made this rather special material available to us. Much of it is very sad and gives us some realisation of how much so many of that generation suffered. Tom Clague's Grandfather came back from New Zealand to fight and left his wife a widow with two young daughters to care for. His

wallet was returned from the front. Chrissie Salter's two Grandfathers fought and both survived. One returned from Canada to fight and the other spent time in a German POW camp where he embroidered a large Khaki handkerchief in memory of his elder brother .

Geoff Jackson's father enlisted at the age of 18yrs and was on the front line in two months. He was badly injured and lay for two days in a shell hole. He was rescued and operated on by a German Surgeon. When he was invalided out of the army he was given a special badge to wear so that he would not be subject to the white feather treatment. He was disabled for life.

Tim Sedgwick has an amazing book of letters sent from the front by James Eaton, a relative of his mother , who was killed. Nigel Chambers has a series of small very neat handwritten manuals that belonged to his relative TJ Booth who was an instructor and received the Military Cross. We displayed the manual on how to deal with and how to use gas warfare together with some of his maps of the trenches.

Some very personal items have survived, the letters Brunton Smith's wife received after his death and the leave pass of James Eaton just a fortnight before his death.

Our only local exhibit was the farm diary of Norton kept by Robert Salter in which he records work done by two individual soldiers during June 1918 and the money they were paid.

Too late for this exhibition but we hope available for another was a rather lovely ,

very heavy door stop engraved with 1916. This was the year Walter Henry Mears was killed. His family lived at Venny Cleave and later at Northridge. Strangely he was an apprentice gardener at Inverary for the Duke of Argyll when he enlisted in the Territorials. Eileen James who has inherited the doorstep would like to know if anyone can throw any light on how a lad brought up at Venny Cleave should come to be an apprentice to the Duke of Argyll's gardener.

Our October meeting on Thursday the 17th will be held in the big hall of the village hall so that more people will have an opportunity to come and see Lynda's many interesting pictures of the village.

Making History

Pictures of Newton St Cyres from the early 1900s

Photographic images of the village will show the changes that took place during the last century plus some more recent events that may be of interest to future generations.

The presentation will aim to entertain and amuse rather than educate but it will also seek to remind everyone that tomorrow's audience is relying on us to provide them with equally interesting pictures.

The show will start at 7.30pm and tea and biscuits will be provided. Do come and enjoy a pleasant evening watching old and not so old pictures of your village. A charge of £2 will be made to cover costs.

The History Group Programme for the next year is printed on the next page.

Newton St Cyres Primary School

As I write this report the children have only recently returned to school after a mostly glorious long summer holiday. The children and teachers have come back keen and eager to continue their learning. The younger children's topic is 'all about me' whilst the older children are really excited about finding out about what life would have been like during World War II.

This year there was a particularly exciting start to the new academic year here at NSC; the whole school has been divided into 4 house teams. So when the children are rewarded for good behaviour, work or effort not only will they themselves gain a house point, which goes towards a certificate for them. They will also earn a House point which will go towards their house team (Langford, Sweetham, West town and Smallbrook). The highest scoring house team will be awarded the House Trophy at the end of each half term. On Sports Day the children will also be participating in their house teams - we are hoping this will make the afternoon even more exciting than it already is!

For the first week back in school we decided to hold a Brainwaves week. We always set new learning targets at the beginning of the year and so we thought it would be great for the children themselves to consider how they actually learn best. They thought about their brains, how they can look after them and how they work. Some of the older children also carried out some activities to consider what types of learner they were, either: tactile, visual, or aural. In the afternoons the children worked in their new 'House Teams' with children of all ages to experience; drama type activities, problem solving, team building, art, optical illusions and brain gym activities. Judging by the smiles and shrieks of laughter, the children thoroughly enjoyed these experiences; it was exciting and invigorating for everyone involved.

It is so exciting seeing the new children settling into their class with Miss Couch, they do seem to be a particularly confident group of children. This term also sees a new member of staff at Newton St Cyres Primary; Mrs Wright has started in Class 3, her specialism is in music and she is already planning songs for the choir to sing at our Harvest Festival.

The Government are funding new sporting initiatives in primary schools and with part of that funding our older children will be attending a Friday Sports morning at the Lords Meadow Leisure Centre each week. This will be taught by specialists in: Trampolining, tennis, Zumbatonics and swimming. This is a tremendous opportunity for the children to excel in their sporting achievements with their peers across the Exe Valley Federation. Over the following two terms the rest of the school will also obtain the same opportunities.

27 children aged between 8 and 11 years old are participating in the Great West Run

Schools' Challenge. Over the next few weeks the children need to run 12.1 miles (as do some of us teachers! I am sure this will be more of a challenge for some of us than others?). On Sunday 12th October the day of the Great West Run all of the entrants will complete their final mile on the running track at Exeter Arena. This is a great opportunity for the children to perform in front of 1000s of spectators and for them to support each other and furthermore improve their stamina and running times.

Thanks again to Quicke's Farm for allowing us to practise on their land, I think we may have got rather fed up of doing tens of laps around the school field.

Glynis Harris Head of Teaching and Learning

HARVEST FESTIVAL - 13TH OCTOBER

Church Service at 11am

followed by lunch in the Village Hall

Please sign up in Church or Village Stores

The Cheese Shop

Come and visit Quicke's Cheese Shop and sample our range of award winning cheddars, made here on our farm using milk from our own herd of dairy cows. We also stock an extensive range of West Country Cheeses to complement our cheese counter.

Also available from our farm shop our own butter and farmhouse ice cream, with a range of Meats and a whole host of other great West Country produce. Now also selling **West Country alcohol**.

NEW OPENING HOURS: Now open 7 days a week
Mon-Fri 9.00-5.30 Sat 9.00-4.00 Sun 10.00-4.00

Come and visit The Cheese Shop and redeem your 50p voucher against our award winning range of traditional handmade cheddar cheeses.

OCTOBER ON THE FARM

October is when you can't pretend it's late summer any more. Everything races to harvest the last of summer's bounty. I've always wanted hazels and cobnuts from my trees, but squirrels have always had all the nuts before they are ripe. This year, my friend Jane suggested I made some little mesh and wire bags to put round the nut clusters. All good, nuts safe, then Tom saw a squirrel running across the grass with a bag in its paws...once we stopped laughing, I picked the rest of the bags and finally I have some nuts stored for the winter.

MAIZE - We harvest the maize end of last month or early this month - maize thinks September is summer too, and puts on a third of its growth then. It is such an odd crop - bare fields, not meeting in the rows till Midsummer at least, later this year, all the sun's energy wasted on bare ground, then it vaults skyward, becoming a forest heavy with cobs in a bare 12 weeks. Rich summer goodness for the cows when the sun is elsewhere.

CROPS - Our thoughts are on next summer's harvest. We cultivate and seed the fields with wheat and barley, catching the weather windows before the soil gets too wet and tender. We are minimally cultivating, not ploughing the soil to preserve organic matter and soil structure. It's worked well in my garden not to turn the soil, so I'm happy we are running with it. The fields turn brown and we wait for the magical sight of new growth peeping though, each shoot so fragile looking, and then you glance at the view, fields now shot with a fresh green tinge that promises next year's harvest.

HEIFERS - Back to this year, and the calves born this autumn are grazing in sheltered fields, supported by milk still. Their older sisters are exploring the further bits of the farm, harvesting the grass grown in the

autumn flush. We leave them out until the weather turns, and bring in the littlest or any that are lagging behind first. We check the heifers born last August: are they big enough to go to the bull next month to calve next August?

COWS ON GRASS - The cows are enjoying the autumn flush of grass too. They had eaten it down so tight to the ground in August, it is coming up clean and fresh from the base, all new leaves. It is the most nutritious feed we can give them, even though the sun is weakening and the grass is more watery, with lower sugars. The clover is still giving a good protein lift to the grass. The cows will start their last round before closing some fields up to grow grass the cows will eat in February - it will need all that time to grow to a grazeable length.

CHEESE - In the dairy, the milk is good, still grass fed, and well balanced with still those lovely grass-fed flavours. Grass fed gives a distinctive aroma to the milk. Some people describe it as 'cow breath', which is one of the loveliest aromas of all. You get a hint of it in the cheese flavour, giving our cheese some of its complex flavours. We sent off cheese for Christmas around the world last month; now we start sending cheese for hampers and baskets in Britain.

AWARDS - We picked up Gold for our Mature and Ewes Milk Cheddar at the Taste of the West Awards, as well as Silver for our Extra Mature and Raw Milk, plus Bronze for our Oak Smoked Cheddar.

At the British Cheese Awards we won Gold for Oak Smoked Cheddar, Silver for Mild and Bronze for Mature Cheddar.

SHOP - Cheese makes a lovely present, telling the story of these fields, that harvest and our cows. Check out our website

www.quickco.co.uk or come into our shop to create a basket of your own.

RECIPE – Diane's Cheddar Ale Soup. Diane Raymond does the most amazing display of our cheese in the Cheltenham Wholefoods, and she gave me this recipe for a warming and nourishing autumnal soup. She used to be a personal chef in New York, and it shows!

Ingredients

- 2 medium leeks (white and pale green parts only) washed and cut into 1/4-inch dice (2cups)
- 2 medium carrots, cut into 1/4-inch dice (1 cup)
- 2 celery ribs, cut into 1/4-inch dice (1 cup)
- 2 teaspoons finely chopped garlic (about 4 large garlic cloves)
- 1 bay leaf
- 4 tbsp butter (or a mix of olive oil and butter if preferred)
- 1/3 cup all-purpose flour
- 2 cups whole milk
- 1 3/4 cups reduced-sodium chicken broth (14 fl oz)
- 12 oz ale
- 1 tablespoon Worcestershire sauce

● 1 teaspoon dry mustard

● 1 teaspoon salt

● 1/4 teaspoon black pepper

● 1 lb (4 cups) grated Mature Quickco Cheddar

● Bacon bits to garnish

Preparation

Cook leeks, carrots, celery, garlic, and bay leaf in butter in a 4-quart heavy saucepan over moderate heat, stirring occasionally, until vegetables begin to soften; about 5 minutes. Reduce heat to moderately low and sprinkle flour over vegetables, then cook, stirring occasionally for about 3 minutes. Add milk, broth, and beer in a stream, whisking, then simmer, whisking occasionally for about 5 minutes. Stir in Worcestershire sauce, mustard, salt, and pepper.

Add cheese by handfuls, stirring constantly, and cook until cheese is melted, 3 to 4 minutes (do not boil). Discard bay leaf.

Serve sprinkled with bacon bits.

Thanks, Diane!

Society of Mary and Martha at Sheldon, Dunsford, Exeter, EX6 7LE

Quiet Days

Come to Sheldon for some quiet time with God on Thursday 10th October. A day in silence with four short addresses given by Archdeacon John Rawlings. Plenty of time to explore the Sheldon grounds or spend time in the chapel or library. Good lunch too. £18.

The next one will be on Monday 25th November led by The Ven Richard Gilpin.

Fun with Words

A popular workshop led by Richard Skinner on Wednesday 27th November. Words to surprise, stimulate and delight. Easy and fun exercises to get you started, leading on to more reflective space as the day progresses. £30 including lunch.

Also at Sheldon

There are lots of opportunities for individual quiet space, whether you book the Library for the day, or a couple of nights in a Pig Pen, or try the wilderness experience in the Hermitage.

EMMAUS – Exploring Faith

**What do I really believe about God?
Is Church a waste of time?**

**Maybe you already have a faith, but wonder where it's
leading you and what difference it makes.**

Have you ever thought about being confirmed?

Come and explore the Christian faith at **EMMAUS**
a course for anyone wanting to know something about
Christian faith or more about it, a chance to face up to
real questions and learn – with no strings attached.

It will be happening once a week through the Autumn in a small
friendly group led by members of your local Church of England
parish churches, in a comfortable and informal setting.

You are very warmly welcome to a 'taster' session on
Monday, October 7th from 7.30 to 9.00 pm .

For further information, contact Bridget Boxall on (01392)
841355 or Dave Carrington on (01392) 841275

THANKSGIVING

At his last Passover meal with his disciples on the night before he died, Jesus performed the ancient Hebrew act of Sabbath thanksgiving: taking bread and wine he praised God, broke the bread and shared it among his friends. As he did so he said, 'Do this in remembrance of me.'

In what has been the basic act of Christian worship from the beginning, the people of the church still gather to take bread and wine, praise God, break the bread and share the food set apart in this way—remembering the Lord Jesus, as he asked his followers to do.

The name given to this act of worship has varied over time and across church traditions. In the Church of England it is often been called 'Holy Communion', emphasising both the sacred nature of this breaking of bread and the fact that in it, we share in fellowship with God and with each other.

Another name in Anglican and Protestant traditions generally is 'The Lord's Supper', acknowledging that every time we share bread and wine at the 'Lord's Table' we participate together in remembering a simple meal in an upper room, at which he is the host and we are the guests. In remembering him, we encounter him.

The usual name for this act of worship in the Roman Catholic tradition is the 'Mass', a word related to dismissal or sending (from the last words of the Latin rite, 'Go, this is the sending forth'). This name reminds us that the purpose of sharing communion is not ultimately to satisfy our own spiritual needs but to equip us for service in the world to which God sends every Christian, so that God can use for good the gifts he has given us. The word 'Mass' also has come to be associated with that aspect of the offering of bread and wine at the 'altar' which recalls—in the fullest sense—Christ's sacrifice on the cross.

In the Eastern Orthodox traditions, the offering of bread and wine is called the 'Divine Liturgy.' Liturgy means 'the work of the people', pointing up the fact that in this act the priest is not the 'doer' and the people the observers, but the offering of bread and wine is the act of the whole church corporately; 'divine' means that this is God's work, and that in entering the celebration we are standing on the threshold of heaven.

An ancient name shared across church traditions, often used today, is 'the Eucharist.' This is simply the Greek word for 'thanksgiving' and one of the most helpful of all, as it precisely describes what Jesus was doing at his last Passover meal and what the church does every time we break the bread: praising God and thanking him for his blessings—above all, for his almighty love which is our hope and salvation.

At this harvest festival season, we may be especially conscious of our blessings and of the fragility of abundance. Like our food and drink and everything else, salvation is a gift; and a gift by definition comes from outside ourselves and cannot be taken for granted. Going in and out of our ancient church buildings in the Netherex Parish, I am often moved to think that whatever name it has been given and however simply or elaborately it has been performed, the sharing of bread and wine in remembrance of Christ has been happening on the same patch of God's earth in these

places at regular intervals for almost a thousand years, and is still going on today. We give thanks; we break bread; we remember and meet God’s love in Christ; we are sent out into the world to serve, expressing our thankfulness (God help us to do so) in our lives and actions.

As at this time we all go about our communities and catch sight of those cherished church buildings, standing in the midst of harvested fields and gardens, whose ancient walls make space for celebrating Eucharist in bread and wine, may they be a sign for us of thanksgiving, for which they were built and to which by God’s grace we are called.

With best wishes— Douglas Dettmer, Rector

Exploring Ethics

Christians explore key ethical issues

10th October @ 7.30pm, Crediton Parish Church (Lady Chapel)

Services in the Netherexe Parishes

Your parish churches aim to provide a variety of service types to meet the needs of the whole community. Most Sunday services except those early in the morning include hymns and music. Everyone is welcome at all services

Service With A Smile

These **Family Services** are designed for all ages and with the needs of young children especially in mind.

**Brampford Speke & Stoke Canon
And Family Service Thorverton &
Newton St Cyres**

They are informal and contemporary in style often including a children's activity at the beginning; without communion.

Services usually last about 35 minutes and are followed by refreshments.

Holy Communion	[C]	Traditional service in contemporary language [one hour]
Holy Communion	[BCP]	Traditional service in traditional language [one hour]
Service of The Word	[SW]	Morning or Evening Service [without communion] in contemporary language, often Lay-Led
Morning Prayer	[BCP]	Traditional Morning Service [Mattins] from the Book of Common Prayer [about an hour]
Evening Prayer or Choral Evensong	[BCP]	Traditional Evening Service from the Book of Common Prayer [about an hour]

Daily Morning & Evening Prayer in the Netherexe Parishes

For daily services the format is generally Book of Common Prayer at Thorverton and Common Worship elsewhere, and the timing is about 20-30 minutes. All are welcome.

Morning Prayer is said on Mondays at 9.10pm in Stoke Canon church (during the school term, this takes the form of Collective Worship for Stoke Canon C. of E. School); on Tuesdays at 9.00am in Stoke Canon Chapel; In Thorverton at 7.30am on many weekdays and at 9.00am on Saturdays. For a list of the days this month on which Morning Prayer will be said at Thorverton, please see the notice posted in the church porch at Thorverton and on the website [go to churches section then select Thorverton]

Holy Communion [BCP] is celebrated on one Wednesday in each month at Thorverton at 9.30am; please see the notice in the church porch at Thorverton and on the website for this month's date

Evening Prayer is said on Tuesdays at 6.00pm in Rewe church and on Thursdays at 5.00pm in Newton St Cyres church..

Variations: Mon 21 Oct Morning Prayer in Stoke Canon Church 09:00 am
