Hello Tom

The points awarded were as follows:

Station	Colour, design and focal points	Appropriate choice of plants	Health of plants (free of pests and diseases)	Innovation	Cleanliness and tidiness of the station	Cultivation and maintenance	Plants that attract birds and insects	Water Conservation (Mulch, ground cover and water recycling)	Evidence of environmentally friendly garden techniques (encouraging or protecting wildlife by nest boxes, insect houses etc.)	Total	Position
Maximum Marks	30	30	20	20	20	20	20	20	20	200	
Newton St Cyres	25	27	19	15	18	19	15	13	15	166	3
Crediton	19	20	12	10	18	12	13	0	0	104	7
Yeoford	12	14	6	5	14	8	5	9	0	73	9
Copplestone	30	30	20	15	20	20	18	20	20	193	1
Morchar Road	18	19	12	7	17	11	7	0	0	91	8
Portsmouth Arms	20	24	18	8	19	19	16	0	0	124	6
Umberleigh	28	30	20	15	19	18	18	0	18	166	4
Chapelton	29	29	20	16	20	20	19	18	19	190	2
Barnstaple	25	22	17	19	18	16	16	0	3	136	5

Neither the winners or second placed stations had requested an earlier date. I feel the earlier judging date put all stations at a disadvantage this year particularly due to the cold and damp Spring. Next year the judging date will be later.

Regards
Alan

Dear Alan,

Many thanks for advising me of the Competition results. A query was raised last year regarding showing the points awarded for each category and you said that this would be shown in future results, can we please be given the break down for each category judged this year. Also, you said in a recent email that two stations requested an earlier judging day giving them an unfair advantage, I have to ask if the first and second winners are those two stations.

With kind regards,

Tom
